Re: FRRPA Revisions

Dear Ms. Van Gerpen:

Pursuant to SDCL § 49-31-12.2(2), FRRPA hereby notifies the Commission of a reduction in FRRPA rates, as follows:

1. The Board has approved a 25% rate reduction for the FRRPA Non-Public Network Switched (PNS) Ethernet (ETS) circuits per Mbps. This will result in adjustment to rates as reflected in Confidential Exhibit A, attached hereto.
2. FRRPA is restructuring its billing for Public Internet ETS to 95th percentile billing. Please see attached Confidential Exhibit B, which consists of the amended Public Internet Transport Use Exhibit (Exhibit C) that will be attached to the FRRPA Ring User LEC contracts, for an explanation of 95th percentile billing.

Both changes are effective September 1, 2017.

If you should have any questions, please do not hesitate to contact me.

Sincerely yours,
