Re: Premiere Conferencing Networks, Inc.'s VoIP Service Designation in the state of South Dakota

Dear Ms. Van Gerpen:

On November 30, 2017, Premiere Conferencing Networks, Inc. ("PCN" or the "Company") completed the South Dakota Public Utilities Commission's ("Commission") "VoIP and Wireless Form," notifying the Commission of its intent to provide an interconnected VoIP service offering in the State in the near future. PCN initially listed its planned service offering as a fixed VoIP service.

Following submission of its form, PCN was contacted by Patrick Steffensen from the Commission. After further review and consultation about the VoIP service being contemplated, PCN wants to clarify that the service will be a nomadic VoIP service. (PCN plans to offer all customers a downloadable application that can be used to access the service through a mobile phone or computer from any geographic location.) As a result, PCN seeks to update its registration and asks that the Commission process its registration as a nomadic VoIP service provider.
