Unfulfilled Voice and Broadband Service Request Attempt Details

Cheyenne River Sioux Tribe Telephone Authority (the "C.R.S.T. Telephone Authority") has completed their six year fiber-to-the-home project in 2016. However, they continue to install fiber drops and hook up customers off the main fiber routes. At yearend December 31, 2016, C.R.S.T. Telephone Authority had 2 unfulfilled voice and broadband requests for service. One of the unfulfilled requests is a new location in C.R.S.T. Telephone Authority serving area with no copper facilities available. The other unfulfilled request is an off premise extension that will need a new fiber drop and may have a permit requirement. C.R.S.T. Telephone Authority has construction plans for 2017 to continue to install fiber drops throughout their study area, including these 2 unfulfilled requests.

**Processes and Procedures to Ensure Compliance with Service Quality Standards
and Consumer Protection Rules**

This document details the processes and procedures that Cheyenne River Sioux Tribe Telephone Authority (the "C.R.S.T. Telephone Authority") follows to ensure compliance with service quality standards and consumer protection rules as laid out in FCC Form 481 Instructions.

The C.R.S.T. Telephone Authority provides voice grade access to the public switched telephone networks (PSTN) at a flat rate, thereby enabling access to emergency services provided by local government or other public safety organizations such as 911.

For service quality standards that are affected by plant issues, the C.R.S.T. Telephone Authority engineers and installs its plant and other facilities in such a way as to ensure, to the greatest extent possible, safe, adequate and continuous service at all times.

In addition, employees are periodically trained on service quality standards and consumer protection issues. In particular, if any set of issues appear to be prevalent, employees are given briefings on how to handle such issues, beyond the normal guidelines in place for resolution of customer complaints. A recent example is the call completion problems that have arisen and the customer calls that are generated as a result. Although this is not a service quality problem caused by the C.R.S.T. Telephone Authority, it does affect customers of the C.R.S.T. Telephone Authority and, therefore, deserves the attention of the C.R.S. T. Telephone Authority employees.

The C.R.S.T Telephone Authority also periodically reviews its operating procedures to be sure that those operating procedures are in compliance with service quality standards and that the operating procedures are not in violation of consumer protection rules. Internally a compliance officer ensures annual employee training and dictates disciplinary processes for improper use of consumer information. If concerns arise that cannot be handled by the compliance officer, legal counsel is sought to assist with a resolution.

If complaints are filed with the C.R.S. T. Telephone Authority related to service quality standards or consumer protection rules, the complaint is immediately investigated, the matter tracked and any corrective action noted. This process ensures that problems are addressed and corrections made. It should be noted that the C.R.S.T. Telephone Authority has received no customer complaints in the past five years regarding service quality standards or consumer protection rules as they relate to the service offered by the C.R.S.T. Telephone Authority.

The C.R.S.T. Telephone Authority advertises the availability of its services and the charges using media of general distribution and on its website.

Statement Demonstrating Functionality
In Emergency Situations

At line 600 of FCC Form 481, Cheyenne River Sioux Tribe Telephone Authority (“C.R.S.T. Telephone Authority”) certified that it is able to function in emergency situations as set forth in 47 C.F.R § 54.202(a)(1)(ii). This means that C.R.S.T. Telephone Authority has reasonable amount of back-up power to ensure functionality without an external source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations. This statement will detail how C.R.S.T. Telephone Authority is prepared to ensure continued service in an emergency situation.

Back-Up Power

C.R.S.T. Telephone Authority has a back-up generator available with a minimum of a four hour power supply for its central office. In addition, it has portable generators available for remote sites.

Rerouting of Traffic Around Damaged Facilities

C.R.S.T. Telephone Authority has route redundancy for long distance service, E-911 trunking and SS7 signaling trunking.

In the case of isolated groups of customers that may suffer damage due to a cable cut, C.R.S.T. Telephone Authority maintains sufficient staff and other resources to be able to put customers back in service in a very short amount of time. C.R.S.T. Telephone Authority's emergency service equipment is located within its exchange and requires very little time to dispatch.

Traffic Spikes

C.R.S.T. Telephone Authority's outside plant is designed, engineered and built with sufficient capacity to handle traffic spikes resulting from emergency situations and has been able to do so in the past. C.R.S.T. Telephone Authority is in an area where severe weather strikes periodically and has been able to handle communication needs at those times and has the experience from those situations to be able handle such emergency situations in the future.

TRIBAL GOVERNMENT ENGAGEMENT OBLIGATION

Cheyenne River Sioux Tribe Telephone Authority (the “C.R.S.T. Telephone Authority”) is 100% wholly –owned by the Cheyenne River Sioux Tribe (the “Tribe”) and actively engages in dialogue with the Tribe on a monthly and sometimes weekly basis. Those discussions include the C.R.S.T. Telephone Authority’s plant investment projects, loan requirements, service offerings and concerns on continued revenue support payments at the Federal and State levels.

The C.R.S.T. Telephone Authority has completed its fiber to the home/premise construction project that will provide increased capability of broadband services and continued voice services to residential and commercial subscribers on the Cheyenne River Sioux Tribe Reservation, covering Dewey and Ziebach counties in Central South Dakota.

Tribal community anchor institutions include:

- US DHHS - Indian Health Service Health Care – Eagle Butte
- Cheyenne River Sioux Tribe Field Health - Cherry Creek, Red Scaffold, White Horse & Swiftbird Clinics
- US DOI – Bureau of Indian Affairs and Bureau of Indian Education
 - Cheyenne Eagle Butte School
 - Takini School
 - Tiospaye Topa School
- Cheyenne River College Center – Oglala Lakota College

These community anchor institutions are in direct and indirect contact with the C.R.S.T. Telephone Authority to order both telephone and broadband services. The Tribal community anchor institution customers will have available to them faster broadband speeds now that the fiber project is completed.

The C.R.S.T. Telephone Authority is very sensitive to the Tribe’s culture and the marketing of the C.R.S.T. Telephone Authority’s services. Service offerings and packages are discussed at all staff levels and are reviewed by Tribal attorneys, ensuring cultural sensitivity.

The C.R.S.T. Telephone Authority is in compliance with land use permitting requirements, facilities siting, environmental and cultural preservation review processes with the Tribe.

The C.R.S.T. Telephone Authority retains all the required business and licensing requirements which include certificates of public convenience and necessity, business license, master license and any other related forms expected by the Tribe.

Great Plains Partnerships to Improve Community Health

Health Tip

National Physical Fitness and Sports Month

May is National Physical Fitness and Sports Month. Regular physical activity is good for everyone's health, and people of all ages and body types can be physically active. National Physical Fitness and Sports Month is a great time to spread the word about the benefits of getting active. Here are some ideas on how you can be more physically active:

- Invite a local gym or wellness center to lead a Zumba, yoga or traditional games activity such as stick ball, hand games, or dancing.
- Plant a community garden or refresh an existing one.
- Organize a community walk-a-thon, run or hike.
- Plan a community sports tournament such as volleyball, basketball, kickball or dodge ball.

Dear C.R.S.T. Telephone Authority Customer,

Please read this letter carefully.

Individuals who reside on tribal lands and meet the eligibility criteria may qualify for discounts [on the telephone bill] through **Tribal Lifeline and Tribal Link Up programs**. Tribal lands are defined as any federally-recognized Indian tribe's reservation, pueblo, or colony; Indian Allotments; and areas that fall outside the boundaries of existing Tribal lands but have been designated by the Federal Communications Commission as Tribal lands for the purpose of receiving Tribal Lifeline and Tribal Link Up support.

Tribal Lifeline helps eligible residents of tribal lands save up to \$34.25 on their monthly phone bill. The discount applies to wireline or wireless residential telephone service plans and is limited to one line per household. **Tribal Link Up** provides a one-time discount for the connection or activation charge for new telephone service at the applicant's primary residence. The discount is a 100 percent reduction, up to \$100, of the customary charge to initiate telecommunications service. Link Up also allows you to pay any remaining amount owed on initiation of service (up to \$200) on a deferred schedule, interest free.

Eligible consumers may also be able to sign up for free toll blocking or toll limitation service that either blocks or limits long-distance calls from your phone.

Both programs have eligibility requirements. You may qualify if you, one or more of your dependents, or your household participates in any of the following programs:

- Medicaid (example, Title XIX/Medical State Supplemental Assistance)
- Supplemental Security Income (SSI)
- Veterans Pension & Survivors Benefits Programs
- Federal Public Housing Assistance (Section 8)
- Supplemental Nutrition Assistance Program (SNAP, formerly known as food stamps)
- Bureau of Indian Affairs General Assistance
- Tribally-Administered Temporary Assistance for Needy Families (TTANF)
- Head Start (if income eligibility criteria are met)
- Food Distribution Program on Indian Reservations
- Or, if your household income is no more than 135% of the federal poverty income guidelines (*see table below*).

2017 Health & Human Services Poverty Guidelines			
Number in Residence	135% Guideline (Annual)	Number in Residence	135% Guideline (Annual)
1	\$16,281	5	\$38,394
2	\$21,924	6	\$43,983
3	\$27,567	7	\$49,586
4	\$32,210	8	\$55,202

For each additional person after 8, add \$5,616 to the annual guideline.

Federal Register, Vol. 82, No. 19, January 31, 2017, pp. 8831-8832
(Applicable to the 48 contiguous states and the District of Columbia only.)

To apply for **Tribal Lifeline or Tribal Link Up on Tribal Lands**, contact Solix at 1-888-587-7035 for a Tribal Lifeline or Tribal Link Up Assistance Application, complete the form, and then return it to **Lifeline Administrator, 30 Lanidex Plaza West, PO Box 685, Parsippany, NJ 07054-0685**. A representative from Solix will contact you to verify your eligibility and complete the application process. You will be required to provide documentation to prove eligibility.

Important Information

- Not all telephone providers in South Dakota offer the Tribal Lifeline and Tribal Link Up discounts.
- Tribal Lifeline is available on only one line per household. A household is defined as any individual or group of individuals living together at the same address as one economic unit. An "economic unit" consists of all adult individuals contributing to and sharing in the income and expenses of a household. A household may include related and unrelated persons.
- Tribal Lifeline and Tribal Link Up discounts cannot be applied to past due telephone bills.
- It can take up to two months for the discounts to show up on your bill as a credit. You must pay the bill until that time.
- Tribal Link Up will not cover the cost of a phone or wiring your home.
- You must notify C.R.S.T. Telephone Authority when you no longer qualify for the program.

Tribal Lifeline and Tribal Link Up Telephone Assistance Programs Proof of Eligibility

If you qualify for Tribal Lifeline or Tribal Link Up based on income, you may be asked to provide proof of your income. The following documents are acceptable proof:

- Last year's state, federal or tribal tax return
- Current income statement from an employer or paycheck stub
- A Social Security statement of benefits
- A Veterans Administration statement of benefits
- A retirement/pension statement of benefits
- An Unemployment/Worker's Compensation statement of benefits
- A federal or tribal notice letter of participation in General Assistance
- A divorce decree, child support award, or other official document containing income information

If the prospective subscriber presents documentation of income that does not cover a full year, such as current pay stubs, the prospective subscriber must present the same type of documentation covering three consecutive months within the previous 12 months.

If you qualify for Tribal Lifeline or Tribal Link Up based on **program-based eligibility**, you may be asked to provide proof of your eligibility. The following documents are acceptable proof:

- The current or prior year's statement of benefits from a qualifying assistance program
- A notice or letter of participation from a qualifying assistance program
- Program participation documents
- An official document demonstrating that the prospective subscriber, one or more of the prospective subscriber's dependents, or the prospective subscriber's household receives benefits from a qualifying assistance program.

Sincerely,

C.R.S.T. Telephone Authority

Line 1222 Details on the number of minutes provided as part of the plan.

The C.R.S.T. Telephone Authority only provides its lifeline customers a flat rate local service. There is no measured local service provided, so the number of minutes provided is not necessary.

Line 1223 Additional charges for toll calls, and rates for each such plan.

The C.R.S.T. Telephone Authority provides access to toll service providers for its lifeline customers. The lifeline customer has to choose its own toll service provider, so no additional charges are noted or required by the C.R.S.T. Telephone Authority.
