

IMPORTANT NEWS FROM CENTURYLINK ABOUT YOUR PHONE SERVICE

Federal Universal Service Fund Changes – The Federal Universal Service Fund (USF) rate is reviewed on a quarterly basis by the Federal Communications Commission (FCC). Consequently, you may see changes on your bills in January, April, July and/or October. CenturyLink will apply rate changes on all applicable CenturyLink charges, such as those for the local line, private line interstate, long-distance interstate and international service. The Federal USF rate and charge are clearly identified on your bill. The effective rate can be found on <http://www.fcc.gov/encyclopedia/contribution-factor-quarterly-filings-universal-service-fund-usf-management-support>.

Federal Access Charge Changes - The annual adjustments of a federally approved telephone Subscriber Line Charge and Access Recovery Charge took effect July 1, 2016. These charges cover part of the cost for providing access to and maintenance of your local network. The effective rates can be found on your bill.

Your Rights Regarding Pay-Per-Call Information-Delivery Services - CenturyLink wants to be sure you are informed of your legal rights related to pay-per-call information-delivery services. These are services you generally access through dialing prefixes like “900” or “700” and that charge by the call or by the minute. Pay-per-call services can include recorded telephone messages, interactive programs or other information services. CenturyLink does not provide interstate pay-per-call services. But we do bill customers in our local service region on behalf of many third-party companies, including interexchange long-distance carriers and billing aggregators. A number of these companies, in turn, bill on behalf of pay-per-call service providers. You have specific rights and responsibilities regarding pay-per-call charges that may appear on any of these various companies’ bill pages within your CenturyLink bill. We are providing this notice in order to explain those rights as described in the federal Telephone Disclosure and Dispute Resolution Act (TDDRA).

To Report a Billing Error - If you believe you have been billed in error for any pay-per-call services, call the toll-free number listed on the bill page where the pay-per-call charge appears no later than 60 days after you receive the bill containing the charges; or 60 days after the goods you ordered were delivered or should have been delivered, whichever is later. When you call, be prepared to provide the following information:

- Your name and telephone number
- The date the disputed charges first appeared on your bill
- The amount of the disputed charges
- A brief explanation of why you believe you were billed in error

If you contact CenturyLink - either directly or because CenturyLink is acting as the first point-of-contact for a pay-per-call billing entity - about a disputed charge, CenturyLink will credit your bill for the disputed amount and refer the matter and the charges back to the billing entity. That billing entity, or the pay-per-call service provider, may elect to pursue further action, so it is always good to follow-up with the entity billing the charges on behalf of the pay-per call provider to assure full resolution of your matter.

Response From the Billing Company - In the event you contact the company whose name appears on the bill page where the pay-per-call charge appears, in a timely manner, they must acknowledge your claim in writing within 40 days if they haven’t resolved your claim within that time. This company must also acknowledge that you are not required to pay the disputed charge pending resolution of their investigation. You must still pay the undisputed portion of your bill; failure to pay may result in your access to pay-per-call services being involuntarily blocked and/or collections activity against you. If the disputed amount has already been sent to collections, the collection activity will be suspended. This same company must investigate, within 90 days of your initial complaint, whether or not the disputed charges are valid. If there was a billing error, the billing company will let you know and will adjust the charges as appropriate. If the charges have been referred to collections, the collections activity will stop. If the billing company determines the charges were not billed in error, you will receive a written explanation detailing how that conclusion was reached, how much you owe, and the date by which you must pay it. Failure to pay could lead to collection activity. If you continue to dispute the charges, the billing company should not report you as delinquent without also reporting that you continue to dispute the charges.

Compliance - Any long-distance carrier or billing aggregator acting as a billing agent for a pay-per-call service provider that does not comply with the federal rules may not collect the first \$50 of any disputed pay-per-call transaction - regardless of whether or not the disputed charges are discovered to be correct.

Additional Customer Rights - You have a right not to be billed for pay-per call services that do not comply with federal laws and regulations. Your local telephone service cannot be disconnected if you do not pay for pay-per-call services. **You may request a block to prevent access to pay-per-call services from your phone line. CenturyLink will provide the block, where feasible, at no charge to you.**

Telecommunications Relay Service

Dial 7-1-1 or Special Toll Free Numbers Listed in Your Telephone Directory

Telecommunications Relay Service is a free telephone service that allows persons with hearing or speech disabilities to place and receive telephone calls using standard telephone equipment or telephone equipment designed for individuals with disabilities. To use Relay dial one of the toll free numbers listed in your telephone directory, or simply dial **7-1-1**. A specially trained Communications Assistant (CA) will answer your call and relay the telephone conversation between you and the party you are calling. All call information and conversations are confidential. Relay service is available 24 hours per day, 365 days a year. Long distance calls placed for you can be billed to your existing long-distance service calling plan, collect, or with the use of a pre-paid calling card, carrier calling card, or third-party billing.

Types of TRS Calls

Computer (ASCII): users can access Relay Service by setting the communications software to the following protocols: speeds ranging from 300 to 2400 baud: 8 Bits, No Parity; 1 Stop Bit; Full Duplex. For speeds at or below 300 baud, follow the above using Half Duplex.

Hearing-Carry-Over (HCO): HCO allows hearing individuals with very limited or no speech capability to type his or her conversation for the Communications Assistant to read aloud to the hearing person. The HCO user hears the other party's response. HCO requires a specially designed telephone.

Internet Protocol (IP) Relay: Connect to the relay using your computer or other web device. The Communications Assistant handles the call the same as a traditional relay call - "voicing" or reading everything you type to the other party - and typing everything the other party says for you to read on your screen.

Spanish Relay: Spanish speaking persons with a hearing or speech disability are able to make relay calls. This is not a translation service – both parties must speak Spanish, and at least one party must have a hearing or speech disability.

Speech-to-Speech (STS): STS allows a person who has difficulty speaking or being understood on the phone to communicate using his or her own voice or voice synthesizer. The Communications Assistant revoices the words of the person with the speech disability so the person on the call can understand them. No special telephone is required.

Text Telephone (TTY): Allows anyone who is deaf, hard of hearing or speech disabled to use a TTY to communicate with anyone using a standard telephone.

Video Relay Service (VRS): Allows natural telephone communication between Sign Language and standard telephone users. This service requires high-speed internet service such as DSL, cable modem, or mobile broadband modem.

Voice-Carry-Over: VCO enables people who have difficulty hearing on the phone to voice their conversations directly to the hearing person. The CA then types the hearing person's response to the VCO user. (Requires a special telephone with text display.)

Voice/Standard Telephone: A hearing person may use a standard telephone to place a relay call and easily converse with a person who is deaf, hard of hearing or speech disabled.

Voice Over Internet Protocol (VOIP): VoIP customers can access the Telecommunications Relay Service (TRS) by dialing 7-1-1 or using the toll-free number listed in your telephone directory.

Captioned Telephone Relay

CapTel uses a telephone with a text display screen to allow a person who is hard of hearing to see word-for-word captions of what the other party on the call is saying, while also listening to what is being said using their residual hearing (much like TV captioning). The CapTel user speaks directly to the other person on the call, and the CA uses voice recognition technology to repeat what the other party says, which is then transmitted as text to the user's specialized CapTel phone.

TTY Users and Emergency Assistance ("9-1-1")

TTY callers should dial 9-1-1 directly. All 9-1-1 centers are equipped to handle TTY calls. Using Relay for 9-1-1 may result in a delay to getting your urgent message through. For more information about TRS, please go to the following URL: <http://www.centurylink.com/Pages/AboutUs/Community/Disabled>

Monitoring and Recording of Calls with CenturyLink Business Offices and Other CenturyLink Representatives

Please remember, when you call CenturyLink for sales, service or repair issues, CenturyLink may monitor or record those calls for quality assurance or training purposes. Additionally, when a CenturyLink customer service representative or repair technician calls you, those calls too may be monitored or recorded for the same purpose. Please inform all members of your household or business who may be in contact with CenturyLink of this information.

High Cost Fund (Applicable to Colorado Customers Only) - You may have noticed a charge on your telephone bill for the Colorado Universal Service Fund. This charge is required by the Colorado Public Utilities Commission (PUC) to pay for the Colorado Universal Service Fund established by state law.

What is the Colorado Universal Service Fund? It is a fund to ensure that basic telephone service is affordable in Colorado, and to support the building of broadband networks in unserved areas. Money from the fund is: (1) used to support basic local phone service in non-competitive areas where costs to provide service are high, allowing local phone rates to remain reasonably comparable across the state, and (2) assigned to a state broadband board and then used to fund the building of broadband networks in unserved areas in Colorado.

What services is this charge applied to and who pays it? This charge is assessed as a percentage of your in-state telecommunications services for local, wireless, paging, in-state long distance and optional services. The charge is not applied to interstate services. All telecommunications customers in Colorado pay this monthly charge.

What is the monthly charge?

The monthly charge is currently set at 2.6 percent. The PUC may adjust the charge over time depending on how much money is needed for the fund and to make sure that customers do not pay more than is necessary.

Who do I call if I have questions about this charge? For more information, contact your telecommunications provider.

Slamming - Have you ever been slammed? Would you know if you have? Slamming is when one telephone company changes a customer's telephone service - usually long distance service - to another telephone company without that customer's permission. CenturyLink is here to offer some helpful tips on how to avoid being a victim of slamming. Initially, you should call your local telephone company and request a "PC FREEZE" (Preferred Carrier), which will prohibit future changes to your carrier selection until further notice from you. If you receive a call from a telemarketer asking you to change your long distance service and you are happy with your current service, just say that you are not interested and hang up. Don't verify your name, your spouse's name, or your address and never give out your Social Security number. Always carefully read the fine print on everything, including any checks, offers for calling cards, sweepstakes or drawings. If you are slammed, notify your local company to reconnect you to your preferred long distance company at no charge. If the rates charged are higher than your normal rates, you may be entitled to a refund.

Telephone Assistance - CenturyLink participates in a government benefit program (Lifeline) to make residential telephone or broadband service more affordable to eligible low-income individuals and families. Eligible customers are those that meet eligibility standards as defined by the FCC and state commissions. Residents who live on federally recognized Tribal Lands may qualify for additional Tribal benefits if they participate in certain additional federal eligibility programs. The Lifeline discount is available for only one telephone or broadband service per household, and can be on either wireline or wireless service. Broadband speeds must be 10 Mbps download and 1 Mbps upload or faster to qualify. A household is defined for the purposes of the Lifeline program as any individual or group of individuals who live together at the same address and share income and expenses. Lifeline service is not transferable, and only eligible consumers may enroll in the program. Consumers who willfully make false statements in order to obtain Lifeline telephone service can be punished by fine or imprisonment and can be barred from the program. If you live in a CenturyLink service area, please call 1-855-954-6546 or visit centurylink.com/lifeline with questions or to request an application for the Lifeline program.

Annual Customer Do-Not-Call Notification - The federal government established a national Do-Not-Call Registry where consumers can register their residential telephone number(s) (including wireless) for free and it will remain on the national Do-Not-Call Registry until you remove or discontinue it. Consumers can register their

numbers from the phone number they wish to register by telephone at 1 888-382-1222 or through the Internet at www.donotcall.gov. TTY users should call 1-866-290-4236.

8-1-1 Call Before You Dig - Digging into underground telephone, electric, gas or water lines can disrupt service to your area or could cause serious injury and you could be charged substantial fines. For peace of mind, please call 8-1-1 at least two days before digging up your property. This is a free service.

Privacy - CenturyLink is committed to maintaining our customers' privacy. Like most companies, we collect information about our customers and use it to provide our services. We also share it as needed to meet our business goals or fulfill our legal obligations. Phone and Internet Discounts Available to CenturyLink Customers

The South Dakota Public Utilities Commission designated CenturyLink as an Eligible Telecommunications Carrier within its service area for universal service purposes. CenturyLink's basic local service rates for residential voice lines are \$21.25 per month and business services are \$32.00-\$38.40 per month. Specific rates will be provided upon request.

CenturyLink participates in a government benefit program (Lifeline) to make residential telephone or qualifying broadband service more affordable to eligible low-income individuals and families. Eligible customers are those that meet eligibility standards as defined by the FCC and state commissions. Residents who live on federally recognized Tribal Lands may qualify for additional Tribal benefits if they participate in certain additional federal eligibility programs. The Lifeline discount is available for only one telephone or qualifying broadband service per household, which can be either wireline or wireless service. Broadband speeds must be 15 Mbps download and 2 Mbps upload or faster to qualify.

Lifeline discounts include a transfer restriction (port freeze). This means that you are unable to obtain the Lifeline discount on service with another provider for a period of time. The length of time depends on the services you purchase – 60 days for voice telephone service, 12 months for qualifying broadband service. Certain exceptions to the transfer restrictions may apply. See <http://www.lifelinesupport.org/lc/change-my-company.aspx> for more information.

A household is defined for the purposes of the Lifeline program as any individual or group of individuals who live together at the same address and share income and expenses. Lifeline service is not transferable, and only eligible consumers may enroll in the program. Consumers who willfully make false statements in order to obtain Lifeline telephone or broadband service can be punished by fine or imprisonment and can be barred from the program.

If you live in a CenturyLink service area, please call 1-888-833-9522 or visit centurylink.com/lifeline with questions or to request an application for the Lifeline program.

Lifeline Program Application Form

1. About Lifeline

Lifeline is a federal benefit that lowers the monthly cost of phone or internet service.

Rules

If you qualify, your household can get Lifeline for phone or internet service, but not both.

- If you get Lifeline for phone service, you can get the benefit for one mobile phone or one home phone, but not both.
- If you get Lifeline for internet service, you can get the benefit for your mobile phone or your home connection, but not both.
- If you get Lifeline for bundled phone and internet service, you can get the benefit for your mobile phone bundled service or your home bundled service, but not both.

Your household cannot get Lifeline from more than one phone or internet company.

You are only allowed to get one Lifeline benefit per household, **not per person**. If more than one person in your household gets Lifeline, you are breaking the FCC's rules and will lose your benefit.

What is a household?

A household is a group of people who live together and share income and expenses (even if they are not related to each other).

Do not give your benefit to another person

Lifeline is non-transferable. You cannot give your Lifeline benefit to another person, even if they qualify.

Be honest on this form

You must give accurate and true information on this form and on all Lifeline-related forms or questionnaires. If you give false or fraudulent information, you will lose your Lifeline benefit (i.e., de-enrollment or being barred from the program) and the United States government can take legal actions against you. This may include (but is not limited to) fines or imprisonment.

You may need to show other documents

If your phone or internet company is not able to prove you or someone in your household qualify using this form and electronic databases, you may need to show an official document from one of the government qualifying programs or to prove your annual income. You can submit copies of your official documents with this application or wait until your phone or internet company asks you for them. To add them now, include the documents in option 1 or option 2 below:

1. If you qualify through a government program: copies of your state ID card and an official document from the programs you are qualifying through (your SNAP card, Medicaid card, etc.)
2. If you qualify through your income: copies of your state ID card and pay stubs for 3 consecutive months (or other accepted documents).

Visit lifelinesupport.org to see the full list of accepted documents.

Programa de Lifeline: Hoja de Hogar

Sobre Lifeline

Lifeline es un beneficio federal que reduce el costo mensual de servicio telefónico o de internet (no ambos). Sólo se permite un beneficio de Lifeline por hogar, no por persona.

Uso de esta hoja

Usa esta hoja si alguien en tu dirección obtiene Lifeline. Tus respuestas a estas preguntas te ayudarán a saber si hay más de un hogar en tu dirección.

¿Qué es un hogar?

Un hogar es un grupo de personas que viven juntas y comparten ingresos y gastos (aunque no sean parientes).

Ejemplos de un hogar:

- Una pareja casada que convive es un hogar. Deben compartir un beneficio de Lifeline.
- Un padre / guardián y un niño que viven juntos son un hogar. Deben compartir un beneficio de Lifeline.
- Un adulto que vive con amigos o familiares que lo apoyan financieramente es un hogar. Deben compartir un beneficio de Lifeline.

Ejemplos de más de un hogar:

- 4 compañeros de habitación que viven juntos pero no comparten dinero son 4 hogares. Pueden tener un beneficio de Lifeline cada uno, 4 en total.
- 30 personas de la tercera edad que viven en una vivienda asistida son 30 hogares. Pueden tener un beneficio de Lifeline cada uno, 30 en total.

Gastos de un hogar

Un hogar comparte gastos. Los gastos del hogar incluyen, pero no se limitan a, alimentos, gastos de salud, y el costo de alquilar o pagar una hipoteca en tu lugar de residencia y servicios públicos.

Ingresos

Los hogares comparten ingresos. Los ingresos incluyen salario, beneficios de asistencia pública, pagos de seguridad social, pensiones, compensación de desempleo, beneficios de veteranos, herencias, pensión alimenticia, pagos de manutención de hijos, beneficios de compensación de trabajadores, regalos, y ganancias de lotería.
