III. DESCRIPTION OF THE TRANSACTION

Pursuant to the Proposed Transaction, which is subject to FCC approvals, Ignition will acquire one hundred percent (100%) of issued and outstanding capital shares of SelecTel. SelecTel is currently owned by two shareholders; Matthew O'Flaherty (33.33%) and Compass Atlantic, Inc. (66.67%).

The Proposed Transaction will have no impact on the day-to-day operations of SelecTel. SelecTel will remain the certificated entity. A chart showing the current corporate structure and corporate structure post-Transaction is attached hereto as Exhibit A.

Although there will be a change in control there will be no immediate changes to SelecTel's management team with Matthew O'Flaherty remaining as the President. SelecTel will have the necessary managerial and technical expertise, to successfully operate the company after the Proposed Transaction.

IV. PUBLIC INTEREST ANALYSIS

SelecTel respectfully submits that the Proposed Transaction and transfer of control described herein will serve the public interest. The Proposed Transaction will serve the public interest because the transfer of control to Ignition will provide SelecTel with new sources of investment that will allow SelecTel to continue its track record of growth.

SelecTel is a low-cost operator and additional financing will provide opportunities for the company to expand the reach of its current products. Ignition will have the capability to provide additional resources to SelecTel which might not otherwise be readily available to SelecTel,

including additional back office support, technology, as well as support for long term business planning and growth. SelecTel currently offers competitive telecommunications service that feature competitive pricing, high quality services, and responsive customer service. The Proposed Transaction will permit SelecTel to continue to offer these services to its existing consumers and will allow SelecTel to expand these same competitive services to more customers over time.

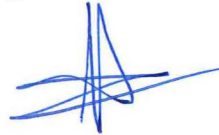

SelecTel customers will not see any change to their services as a result of this change of control. Customers will receive the same reliable, low-cost service after the transaction closes. Because the transaction will expand competition and benefit consumers, Applicant submits that the Proposed Transaction is in the public interest.

V. CONCLUSION

The Parties respectfully request that the Commission note the Transaction for its records. If you have any questions or require additional information, please do not hesitate to contact the undersigned.

Respectfully submitted,
