RE: Sancom, Inc. Certificate of Authority cancellation

Dear Ms. Van Gerpen:

On September 2, 2016, our company sold all the assets of wholly owned subsidiary, Sancom, Inc. a Competitive Local Exchange Carrier (CLEC) operating in Mitchell, SD.

The assets had been sold and transferred to ATV Holdings, LLC and it is my understanding they had received a Certificate of Authority from the PUC around that same time to operate as a SD CLEC.

Considering our subsidiary Sancom, Inc. is no longer owner nor operator of that authorized CLEC operations and the SD Secretary of State has also dissolved the corporation, I would request the commission staff consider cancelling the COA effective September 2, 2016.

I'd be available to answer any questions via phone at 605-796-8143 or email rthompson@santel.coop.

Sincerely,

Ryan Thompson
General Manager/CEO
