Re: CenturyLink's 2020 Federal ETC Filing for Qwest Corporation dba
CenturyLink QC

Dear Ms. Van Gerpen:

On November 18, 2011, the Federal Communications Commission ("FCC") released its *USF/ICC Transformation Order* in WC Docket No. 10-90, et al. With that Order, the FCC began a transition to a national framework for certification of Eligible Telecommunications Carriers ("ETCs") and set forth a standard set of information that all ETCs must file with the FCC by July 1st of each year. The Order also required ETCs to provide the same information to the respective state commissions.

The annual ETC reporting requirements are contained in 47 C.F.R. § 54.313 of the FCC's rules. For the reporting of the data and certifications required by 47 C.F.R. § 54.313 and 54.422, the FCC has developed a reporting template, Form 481, to be utilized by ETCs.

Beginning with the filing due on July 1, 2018, the FCC Form 481 no longer requires that high-cost recipients file information regarding network outages; unfulfilled service requests; the number of complaints received by an ETC per 1,000 subscribers for voice and broadband services; and pricing for voice and broadband services. The FCC Form 481 also no longer includes certifications for high-cost recipients regarding service quality standards and consumer protection rules. Finally, the FCC centralized filing of the FCC Form 481; ETCs no longer file duplicate copies of FCC Form 481 with the FCC and with states, U.S. Territories, and/or Tribal governments.

These filings are now provided to USAC through their online "E-File" portal and available to the State Commissions.

USAC has provided instructions indicating that: Applicants are required to complete and submit all forms online through USAC's "E-File" portal at <https://forms.universalservice.org/usaclogin/login.asp>. A Form 481 is required to be submitted through this link. To create an online E-File account, please refer to the instructions on <http://www.usac.org/about/tools/e-file.aspx>.

Enclosed, as required by the Commission, is Form 481 as filed by CenturyLink with the FCC on or before July 1. Otherwise, the Form 481 is available through the USAC portal as discussed above.

Consistent with past years, CenturyLink requests that you certify to the FCC pursuant to 47 C.F.R § 54.314 by October 1, 2020 in order for CenturyLink to continue receiving Federal high cost support in South Dakota.

Please do not hesitate to contact me should you have any questions regarding this filing.

Very truly yours,

(“Company”) and that I am authorized to execute this affidavit on behalf of the Company.

The Company hereby certifies pursuant to the requirements under 47 C.F.R. §54.313(a)(1), §54.313(a)(2), and §54.313(a)(3) that:

- 1) CenturyLink is substantially able to remain functional in emergency situations as set forth in §54.202(a)(2),
- 2) The pricing of voice services provided by CenturyLink ETCs listed in Appendix A is no more than two standard deviations above the national average urban rate for voice service,
- 3) The pricing of broadband services provided by CenturyLink ETCs listed in Appendix A, that meet the Commission’s broadband public interest obligation is no more than the most recent applicable benchmark rates announced by the Wireline Competition Bureau, and
- 4) To the best of my knowledge and belief, the information reported on this form including attachments is accurate.

FURTHER AFFIANT SAYETH NOT.

Targeted Engagement Efforts

As part of its efforts to strengthen positive relationships with the Tribal Nations within its serving territory while fulfilling obligations set forth in Report and Order and Further Notice of Proposed Rulemaking, FCC 11-161, Qwest Corporation d/b/a CenturyLink QC (South Dakota) (“CenturyLink”) extended invitations to the above listed tribal entities to meet and address issues of importance related to the provisioning of services on tribal lands. The purpose of these meetings was to discuss planning and potential deployment of service as well as other areas of interest specific to conducting business on tribal lands (as set forth in 47 C.F.R. §54.313(a)(5)) which at a minimum, would include:

- (i) A needs assessment and deployment planning with a focus on Tribal community anchor institutions;
- (ii) Feasibility and sustainability planning;
- (iii) Marketing services in a culturally sensitive manner;
- (iv) Rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes; and
- (v) Compliance with Tribal business and licensing requirements. Tribal business and licensing requirements include business practice licenses that Tribal and non-Tribal business entities, whether located on or off Tribal lands, must obtain upon application to the relevant Tribal government office or division to conduct any business or trade, or deliver any goods or services to the Tribes, Tribal members, or Tribal lands. These include certificates of public convenience and necessity, Tribal business licenses, master licenses, and other related forms of Tribal government licensure.

June 26, 2019

Good Day,

CenturyLink values its relationship with the Cheyenne-Arapaho and the opportunity to provide services that meet the needs of CenturyLink's customers within the Tribal lands. CenturyLink strives to maintain a positive relationship with its customers through ongoing communications and, as appropriate, periodic meetings. In an effort to strengthen that relationship, and to fulfill certain obligations from the Federal Communications Commission ("FCC"), CenturyLink would like to extend an invitation to meet at your convenience to discuss any additional topics that you may have, such as:

- (1) deployment planning with a focus on Tribal community anchor institutions;
- (2) feasibility and sustainability planning;
- (3) marketing services on Tribal lands;
- (4) rights-of-way processes, land use permitting, facilities siting, environmental and cultural preservation review process; and
- (5) Tribal business and licensing requirements. To request a meeting, please respond to this e-mail with proposed topics, dates and times

Also, CenturyLink would like to take this opportunity to remind you of changes to the Lifeline program that may be of benefit. In March 2016, the Federal Communications Commission announced a plan to include broadband services as part of the Lifeline program. CenturyLink is proud to participate in the Lifeline program. Please respond if you are interested in receiving information and resources regarding CenturyLink's Lifeline program.

CenturyLink looks forward to working with you to close the digital divide for customers living on Tribal lands.

Sincerely,

CenturyLink

Additionally, Tribal governments can now access the annual FCC Form 481 data filed by telecommunications carriers that serve their lands with support from the Universal Service Fund (USF) High Cost program.

The federal Universal Service Fund High Cost program – also known as the Connect America Fund, or CAF – is designed to ensure that consumers in rural, insular and other underserved and unserved areas have access to modern communications networks and services at reasonable rates. The program provides funding to telecommunications carriers to deliver voice and broadband service, both fixed and mobile, at rates that are reasonably comparable to those in urban areas.

Eligible telecommunications carriers (ETCs) that receive High Cost support (with the exception of carriers that receive Mobility Fund Phase I support only) were required to file this year's FCC Form 481 report with the Universal Service Administrative Company (USAC). This form collects financial and operations information used to validate carrier funding.

The FCC has authorized the USAC to provide access to tribal governments to Form 481 data through the online 54.314 Certification Filing System. In order to obtain access privileges to the 54.314 system, tribal governments should contact the High Cost Division at form481@usac.org to request an authorization form. Once granted access, tribal officials will be able to log into the 54.314 system and view Form 481 data filed by the carriers serving their lands.

1210 Terms & Conditions of Voice Telephony Lifeline Plans

CenturyLink, Inc. has over 100 local exchange carriers (LECs) that serve as eligible telecommunications carriers (ETCs) providing Lifeline discounts on local telephone service for qualifying low-income customers in thirty-seven states. Each LEC's tariff or local terms of service contain the terms and conditions of voice telephony service plans generally available to CenturyLink residential customers. Lifeline provides discounts on CenturyLink residential service plans that include voice telephony service. Lifeline discounts provided to qualified recipients include the \$7.25 per month federal discount plus state discounts, if available. Tribal Lifeline recipients receive an additional federal Lifeline discount of up to \$25 per month. Eligible residents residing on Tribal lands in areas where CenturyLink receives universal service high-cost support can also receive a Tribal Link Up credit of not more than \$100 against one customary service initiation fee at a primary residence.

CenturyLink's flat-rated residential voice service plans provide unlimited local calling. Lifeline discounts also may be applied to local residential service plans that include a certain number of local minutes or calls at a flat-rate and then have additional charges for minutes or calls beyond those included in the plan. Lifeline discounts may be applied to bundled service packages that include voice telephony services, such as bundles with internet service and/or video service. Lifeline discounts may also apply to voice service plans that include optional calling features such as caller ID, call waiting, and voicemail.

Toll service is available to customers receiving Lifeline discounts in the same manner that it is available to non-Lifeline customers. Toll limitation service is available to Lifeline customers at no charge.

Information concerning CenturyLink's Lifeline program can be found on our Lifeline web page at <http://www.centurylink.com/Pages/Support/LifeLine/>

A link to the CenturyLink tariff or local terms of service that includes the terms and conditions of this ETC's Lifeline offering is included in response to line 1220.

NOTES:

1. (210), (220), (400) – (420), (515) These questions are not applicable per FCC 17-87 released July 7, 2017.
2. (610) Section 54.313(a) (1) requires ETCs to make certifications as to their ability to remain functional in emergency situations as set forth in section 54.202(a) (2). The certification is attached.
3. (810) – (813) Per FCC DA 13-1707 released August 6, 2013, CenturyLink is reporting holding company, operating companies, and affiliates (as defined under section 3 of the Communications Act of 1934, as amended, 47 U.S.C. § 153(2)) that are designated as eligible telecommunications carriers and/or that provide retail broadband internet access to end-user customers.
4. (810) – (813) and (1210) – (1223) CenturyLink is a designated eligible telecommunications carrier that receives Universal Service Support for High Cost Areas under 47 C.F.R. 54 subpart D. Therefore, CenturyLink is only subject to subpart (a) of 47 C.F.R. §54.422 as it applies to this filing.
5. (900) – (929) To the extent the carrier serves federally recognized tribal lands, the attached narrative, in response to line 920, should be relied on to describe tribal outreach and interaction.
6. (1000) – (1010) Carriers must certify that their local rates are at or below two standard deviations of the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau and Wireless Telecommunications Bureau. Qwest Corporation d/b/a CenturyLink (Wyoming) and United Telephone Company of the West d/b/a CenturyLink (Wyoming) have certain exchanges with explicit cost based local rates above this standard. Customers in such exchanges receive a Federal Universal Service credit and/or a State Universal Service credit explicitly on their bill. This results in a net charge that is lower than two standard deviations of the applicable national average urban rate for voice service.
7. (1010) 47 C.F.R. §54.313(a) (2) requires a certification that the pricing of the company's voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau and Wireless Telecommunications Bureau. The certification is attached.
8. (1030) 47 C.F.R. §54.313(a) (3) requires a certification that the pricing of a service that meets the Commission's broadband public interest obligations is no more than the applicable benchmark to be announced annually in a public notice issued by the Wireline Competition Bureau, or is no more than the non-promotional price charged for a comparable fixed wireline service in urban areas in the states or U.S. Territories where the eligible telecommunications carrier receives support. The certification is attached.
9. (1130) This question is not applicable. This company has existing terrestrial backhaul options.
10. (1220) Due to character size limitations in the form, some links were truncated. To read complete terms and conditions, please visit the following website: <http://www.centurylink.com/aboutus/legal/tariff-library.html?search=tariffs>.
11. (2015) Per FCC DA 13-2101 released October 30, 2013, CenturyLink is certifying at a holding company level.

12. (2015), (2017) – (2018) Connect America Fund Phase 2 program acceptance and commitments are at a state-wide level. State level reporting is recorded on one study-area per state.

13. (2017c) Reported capital expenditures represent investments in specific Connect America Fund Phase 2 (“CAF II”) projects. There may be additional investments in facilities which would benefit CAF II areas that are not reflected in this response.

14. (2018) CenturyLink has provided Connect America Fund Phase 2 community anchor institutions that were enabled and listed as anchor institutions on the National Broadband Map.

15. (3008) – (3034) These questions are not applicable. This company is considered to be a Federal Price Cap Carrier or an affiliate associated with a Federal Price Cap Carrier for the purposes of this filing.

16. (4001) – (4003) These questions are not applicable. This company is not a Rural Broadband Experiment participant.

17. (5010) – (5013) These questions are not applicable. This company is not an Alaska Plan participant.
