

December 31, 2022

Hello,

Over the past year, OnStar has been in the process of phasing out its Hands Free Calling (HFC) service. At the end of 2022, OnStar has ceased sales of HFC and newer vehicles will no longer have the hardware to offer this service going forward. As such, please have our account closed effective 12/31/2022 as there will no longer be applicable taxes/fees related to this service that are required to be reported. If you have any questions, please contact onstar_tax@gm.com.
