After the EoL Date, Mitel will discontinue (decommission and disconnect) MiCloud Flex services throughout the United States, including the District of Columbia and Puerto Rico. All customers must find alternative service prior to the EoL Date to avoid service disruption.

- You will no longer be able to operate any services on flex.
- Customers should export any reports, call recordings, or other data before the EoL date, as needed. In addition, after the EoL date, you will no longer be able to port your phone numbers.

\*\*Customers must consider these points and ensure sufficient lead time to complete number porting prior to the EoL date. Mitel suggests you allow up to 45 days for the transfer of your phone numbers.

Notwithstanding, customers should work with their new provider to identify timelines and processes required for porting phone numbers.

Mitel aims to ensure that you have the best path forward and wants to help make any future migration as seamless as possible for you.
