For Authority Pursuant to Section 214 of the
Communications Act of 1934, as Amended, To

WC Docket No. 26-_____

SECTION 63.71 APPLICATION OF VERIZON

The competitive local exchange companies filing this petition (collectively, “Verizon”) apply for authority under 47 U.S.C. § 214(a) and 47 C.F.R. § 63.71 to discontinue the following services provided throughout the contiguous United States (48 states and the District of Columbia) (the “discontinuance area”): Integrated Services Digital Network Primary Rate Interface (ISDN PRI), Full T1 Service, Digital PBX Trunks, and Virtual Foreign Exchange (VFX) (the “affected services”).

INTRODUCTION

With this application,¹ Verizon seeks to discontinue the affected services throughout the discontinuance area on or after July 31, 2026. These services have few customers; discontinuing them will enable current customers to move to better services and serve as an important step toward meeting both Verizon’s and the Commission’s goals of providing the next-generation

technologies that American consumers want.

Demand for these affected services is very low, and the few remaining customers in the discontinuance area have many cost-effective alternative options to choose from as replacements. In total, Verizon has as few as 1 and no more than 73 customers per state throughout the contiguous United States that are using any of the services that Verizon seeks to discontinue. In total, approximately 510 customers will be impacted by this discontinuance.

In the discontinuance area, existing and prospective customers of these affected services have access to cost-effective alternatives through Verizon's fiber-based services and other Verizon products that are superior to the affected services. In addition, there are many competitive services available in the discontinuance area, which many businesses have already selected in lieu of the affected services. These available alternatives include services offered over cable, fiber, fixed wireless, mobile wireless, and satellite technologies. After discontinuance, Verizon will no longer offer these services in the affected service area.

APPLICATION

Verizon provides the following information as required by Section 63.71:

I. Name and Address of Carrier

MCI Communications Services LLC
d/b/a Verizon Business Services

MCImetro Access Transmission Services of Virginia, Inc.

II. Date of Planned Service Discontinuance

Effective on or after July 31, 2026, pending regulatory approval, Verizon will discontinue the affected services.

III. Points of Geographic Areas of Service Affected and Description of the Affected Service Area

Verizon plans to discontinue the affected services throughout the area where the Verizon entities submitting this application provide service in the contiguous United States (48 states and the District of Columbia).

IV. Brief Description of Type of Service Affected

A. Integrated Services Digital Network Primary Rate Interface (ISDN PRI)

Integrated Services Digital Network Primary Rate Interface (ISDN PRI) is a T1-based service (1.544 Mbps), typically providing 23 voice channels and one signaling channel, including: Local ISDN-PRI, including Flat Rate Local ISDN PRI & Long-Distance ISDN PRI packages.

B. Full T1 service

Full T1 service is a dedicated 1.544 Mbps connection supporting 24 channels for voice or data, including Full T1 Service / Local T1, including Local & Long-Distance ISDN PRI packages.

C. Digital PBX Trunks

Digital PBX Trunk Service is a T1-based connection linking private phone systems to the public network, including Local Trunk Flat Rate (All Trunk Types) - Per Trunk, Local Trunk

Rate Bundled Local and Long Distance - Per Trunk, Local Trunks Basis, Local Trunk DID, Local Trunk 2 way direct.

D. Virtual Foreign Exchange (VFX)

Virtual Foreign Exchange Service is a T-1 based service that provides connectivity to a switch outside a customer's local exchange area.

V. Brief Description of the Dates and Method of Notice to All Affected Customers

Customer notices were sent by U.S. Mail on June 4, 2026, to Verizon customers of the affected services located in the discontinuance area. A representative example of the customer notice is attached as Exhibit A.

Copies of this Application are being sent via first-class U.S. Mail to the governor, public utility commission, federally recognized tribes (if any) in the discontinuance area, and to the Special Assistant for Telecommunications to the Secretary of Defense, as required by Section 63.71(a) of the Commission's rules.²

VI. Regulatory Classification of Carrier

Verizon offers these affected services pursuant to non-dominant carrier regulation.

VII. Public Convenience and Necessity

The public convenience and necessity will not be impaired by the discontinuance of these services. Current customers in the discontinuance area have many options to choose from in lieu of these services that will be discontinued. Customers today can obtain alternative services and products from Verizon or other providers that may suit customers' needs depending on the

² Section 63.71(a) directs applicants to submit a copy of the application to the Secretary of Defense, Special Assistant for Telecommunications. However, due to restructuring within the Department of Defense, that position no longer exists, and Commission staff has previously advised that a copy of the application should instead be sent to the Department of Defense Chief Information Officer.

customers' particular applications. Possible alternatives offered by Verizon include IP Integrated Access (IPIA), Fixed Wireless Access (FWA), Webex Calling, and One Talk. Verizon will work with affected customers to find suitable alternative solutions.

Because there are numerous cost-effective, superior alternatives for prospective customers in the discontinuance area to choose from, and because most customers have already left for such alternatives, discontinuing the affected services in this area will not impair the public convenience or necessity.

* * *

Questions about this application can be addressed to Randy Clarke, c/o Verizon, 1300 I Street, N.W., Suite 500E, Washington, D.C. 20005, or randolph.clarke@verizon.com.

CONCLUSION

For the reasons identified above, the public convenience and necessity will not be adversely affected by the discontinuance of these affected services in the areas at issue in this application. Verizon respectfully requests the Commission approve its Section 63.71 Application to discontinue service.

Respectfully submitted,

/s/ Randy Clarke

FCC Notice

The following notice applies to the interstate and international services in this notification and is required by the Federal Communications Commission (“FCC” or “Commission”) and is applicable to the communications services listed in this letter:

If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of MCI Communications Services LLC, MCImetro Access Transmission Services LLC and MCImetro Access Transmission Services of Virginia, Inc. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.
