RE: Nebraska Technology & Telecommunications, Inc.

Dear Ms. Mohr:

This law firm represents Nebraska Technology & Telecommunications, Inc. ("NT&T").

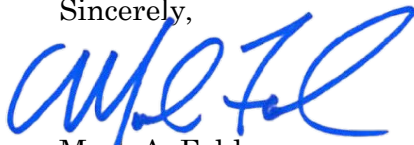

Due to regulatory and contractual changes beyond NT&T's control the company will cease operations effective **September 30, 2026**. It is currently in the process of notifying its customers by regular mail and billing inserts.

It is NT&T's desire that all South Dakota customers will transition to other carriers on or before September 30, 2026. As a result, NT&T respectfully requests that its Certificate of Authority granted in Docket No. TC17-004 be cancelled on or after September 30, 2026 as NT&T will no longer be providing local exchange or interexchange telecommunications service in the State of South Dakota.

The public convenience and necessity will not be adversely affected by the requested cancellation. To the best of NT&T's knowledge, it is current on all reporting and fee remittance obligations.

Please let me know if additional information is needed or a separate filing is required.

Sincerely,

Mark A. Fahleson
