**SOUTH DAKOTA PUBLIC
UTILITIES COMMISSION**

RE: Notice of Surrender of Operating Authorization(s)
Company Name(s): NetWolves Network Services, LLC

To the South Dakota Public Utilities Commission:

NetWolves Network Services, LLC ("Company") respectfully submits this letter to notify the South Dakota Public Utilities Commission ("Commission") of the surrender of the Company's operating authorization(s) in the State of South Dakota ("State").

1. Operations and Service Classification

The Company currently provides, and for several years has been providing, services to sophisticated business customers as a private service provider on a private-carriage basis. This private-carrier operating model applies to the Company's current year-to-date operations, its 2025 operations, and prior operational years dating back several years. Furthermore, these service offerings qualify as interstate Business Data Services under applicable Federal Communications Commission definitions, such that no intrastate telecommunications services are currently provided by the Company in this State.

2. Jurisdictional Position & Request for Surrender

Based on the Company's review of applicable federal and state law, it is the Company's position that providers of private-carrier services are not subject to the Commission's regulatory jurisdiction. Further, because no intrastate services are currently provided by the Company, no customers will be impacted by surrender of the Company's operating authority in this State.

Accordingly, the Company respectfully requests the immediate cancellation and formal surrender the above-referenced operating authorization held in this State.

Thank you for your assistance in processing this Notice of Surrender. Should you have any questions or require additional information concerning this Notice, please contact the undersigned.

Sincerely,

/s/ Peter Castle
