TRANSCRIPT OF PROCEEDINGS, held in the above-entitled matter, at the South Dakota State Capitol Building, 500 East Capitol Avenue, Pierre, South Dakota, on the 26th day of May, 2015, commencing at 9:30 a.m.

CHAIRMAN NELSON: EL14-026, In the Matter of the Application of Black Hills Power, Inc. for Authority to Increase its Electric Rates.

2.3

And the questions that we have today are shall the Commission reconsider its Final Decision and Order issued on April 17, 2015, as to the issues set forth in the Order for and Notice of Hearing on Petition for reconsideration issued by the Commission on May 11, 2015?

And, if so, how shall the Commission rule on each of such issues on reconsideration?

And, with that, I am going to turn to the Black Hills Industrial Intervenors who have filed that motion.

Go ahead, Mr. Moratzka.

MR. MORATZKA: Good morning, Commissioners.

Andrew Moratzka on behalf of the Intervenors. And I
believe that Mark Moreno is also in the hearing room.

CHAIRMAN NELSON: He is, yes.

MR. MORATZKA: Very briefly, Commissioners. We stand by the Petition -- the position we set forth in our initial Posthearing Brief that the -- and the position that we stated at the hearing that the Commission's approval of the Amended Settlement Agreement was in violation of South Dakota Statute as well as traditional notions of due process.

And we also believe that as set forth in detail in our Petition for Reconsideration as well as our Posthearing Brief that Black Hills Power failed to meet its burden of proof and that the Commission failed to properly apply South Dakota Administrative Rule 20:10:13:44.

2.3

We believe that Black Hills Power failed to meet their burden of proof because they, one, didn't submit their own Cost of Service Analysis; two, didn't provide sufficient support for the adjustment to their test year books; and, third, did not include expected changes in revenue.

We believe that the Commission, in turn, failed to meet its obligations to reject the Cost of Service Analysis proffered by Black Hills Power for failing to meet 20:10:13:44. And also just generally that the Commission's failure on this point is a misinterpretation of the matching principle.

But also from a high level and something that hits on some of the conversations that we had during the hearing on March 2 were that there seemed to be some indication that the Commission has unlimited discretion in setting the revenue requirement. And we made, we believe, very clear in our Petition for Reconsideration the Commission's setting of the revenue requirement is

1 largely done by formula.

2.3

2.4

So while the Commission may have some additional leeway when it sets rates, that is how the utility is allowed to recover the revenue requirement from its customers, that it does not have such leeway when setting the revenue requirement.

And so for all of those reasons, we believe that the Commission's Order approving the Amended Stipulation is in error and urge it to reconsider, consistent with the Petition for Rehearing and Reconsideration that we filed.

CHAIRMAN NELSON: Thank you, Drew.

We'll turn to Black Hills.

MS. KOENIG: Thank you, Chairman Nelson, Commissioners, Staff.

My name is Amy Koenig. I'm corporate counsel for Black Hills Power, and I'm appearing today on its behalf in support of the request that the Commission deny the Black Hills Industrial Intervenors' Petition for Rehearing and Reconsideration.

As Black Hills Power set forth in its Answer,
South Dakota Administrative Rule 20:10:01:29 and
20:10:01:30:01 require that the Commission make a finding
of sufficient reason for rehearing or reconsideration.

It's Black Hills Power's position that in this

particular docket there is no basis for a finding of sufficient reason for rehearing or consideration.

2.3

First, there is no new evidence that is before the Commission that was not considered or set forth in the posthearing filings or during the hearing. Secondly, there's been no new arguments or authority presented to the Commission that it did not have an opportunity to consider prior to issuing the Order in this docket.

With respect to the Black Hills Industrial
Intervenors regarding equity and due process violations,
under South Dakota Law due process requires that the
notice for the hearing afford the parties adequate time
to prepare for the issues that will be considered.

In this instance the Commission's Notice expressly afforded the parties an indication that it would either grant the Motion for Approval of the Settlement Stipulation or that it would determine the rates that were just and reasonable. In this instance the Commission's Order set forth the rates that it determined were just and reasonable, and, therefore, the parties had more than adequate time to prepare for the issues that were considered by the Commission and, therefore, there is no basis for a due process or equity argument in this particular instance.

Likewise, Black Hills Power disagrees with

Black Hills Industrial Intervenors' position regarding SDCL 15-6-6B. In particular, the Commission had timely filed Motions for Approval of the Settlement Stipulation as well as an Amended Motion that were both filed within the statutory requirements for notice.

2.3

In this instance whether you consider the Amended Settlement to be an amendment to the pending Motion or a stand-alone filing, there was adequate time and adequate notice in this case. Furthermore, the parties addressed that Motion in their Posthearing Briefs, and so the arguments were before the Commission.

Turning to the Industrial Intervenors' reason for rehearing, as I articulated earlier in my comments, there are no new arguments before the Commission that weren't previously considered. The Black Hills
Industrial Intervenors have argued that Black Hills Power failed to satisfy its burden of proof. But as the
Commission set forth in its Order, there was adequate evidence before the Commission in the form of the
Application, the Exhibits to the Application, the
Prefiled Testimony, and the Posthearing Briefs, as well as the testimony at hearing for the Commission to determine that Black Hills Power had satisfied its burden of proof.

The Commission also noted that the primary issue

that Black Hills Industrial Intervenors raised during the hearing and its pre and posthearing filings dealt with the proper construction of South Dakota Administrative Rule 20:10:13:14.

Those same arguments regarding the proper interpretation of this Administrative Rule have been set forth again by the Black Hills Industrial Intervenors in its Petition for Reconsideration and Rehearing.

Based upon the fact that there are no new arguments that the Commission hadn't previously considered and no new evidence, Black Hills Power requests that the Commission find that the Black Hills Industrial Intervenors have failed to set forth sufficient reason to justify rehearing or reconsideration.

Thank you.

2.3

CHAIRMAN NELSON: Staff.

MS. CREMER: Thank you. This is Karen Cremer of Staff. And I'm just going to explain briefly.

Staff did not file anything. We're kind of in an odd position of once the Commission issues its Final Decision and Order, for all practical purposes Staff ceases to exist as a party.

And we don't appeal the decision. If someone does appeal it, the Commission defends its own Order.

Staff does not do that in Circuit Court. And so rather than create an unnecessary controversy, it just seemed smoother for Staff to just simply not respond to anything at this time.

Thank you.

2.3

CHAIRMAN NELSON: Thank you.

Mr. Moratzka, any rebuttal?

MR. MORATZKA: Excuse me. Thank you, Commissioners. Just a couple of points, I guess.

The notion that the Black Hills Industrial

Intervenors were afforded with sufficient notice of the

Amended Stipulation and Settlement Agreement we strongly

disagree with.

There is a distinct difference between doing what the Commission set forth as what may occur in its December 30, 2014, Notice of Hearing, which was either approve the Settlement or modify the Settlement, and approving a Modified Settlement that was only agreed to by two parties that did not have notice as required by 15-6-6.

So there is a distinct difference between the Commission taking it upon itself to modify a prior Settlement Agreement that was subject to a full contested case agreement and approving a Modified Settlement that was only agreed to by two parties and for all we could

tell subject to some of the same background dealing that we opposed at the hearing itself.

2.3

2.4

And, secondly, Commissioners, to be absolutely clear, South Dakota Law 49-34A-8.4 makes it very clear that the burden is on the public utility to demonstrate the reasonableness of its rates and that the costs of -- that it's seeking to recover are prudent, efficient, and economical.

That burden cannot be met via a citation to a general record or a party. This is a burden to demonstrate the reasonableness of its rate is exclusively on the public utility. No other party bears that burden. And certainly, you know, going to Black Hills Power's characterization that somehow BHII chose not to be a party to the Settlement Agreement, any implication here that whatever the Commission Staff and the utility agreed to somehow creates an increased burden of proof on other parties to question the Settlement, Black Hills Industrial Intervenors absolutely disagrees with.

CHAIRMAN NELSON: Thank you.

Questions from the Commission.

I have one. And I'm going to go to Ms. Cremer with Staff.

Were the Intervenors, both Black Hills and DRA, invited to participate in settlement negotiations?

MS. CREMER: Yes, they were. 2 CHAIRMAN NELSON: So would it be correct that 3 when Mr. Moratzka says there was "back room dealing" he 4 really chose not to be in the room for those negotiations? Is that correct? 6 MS. CREMER: And that would be my memory of 7 that, that we -- you know, any time we met or were going 8 to meet -- you know, there were e-mails exchanged. believe they were always on those e-mails and after the 10 hearing, in particular, chose not to participate. 11 CHAIRMAN NELSON: Thank you. 12 Additional questions? 13 MR. MORATZKA: Commissioner, this is 14 Drew Moratzka, if I could interject briefly. 15 CHAIRMAN NELSON: I think that's probably fair. 16 Go ahead. 17 MR. MORATZKA: Just to be clear, Commissioners, 18 we did participate in some -- the Black Hills Industrial 19 Intervenors did participate in some of the settlement 20 discussions that occurred in person in Pierre. 21 There were -- based on what we saw as record 22 support for the ultimate Settlement Agreement that was 2.3 reached between Commission Staff and Black Hills Power, 24 there were citations to e-mails that I do not believe 25 that either DRA or BHII were a party to, and I recall

1 obtaining some of those e-mails via discovery. 2 So to say that all of the settlement discussions 3 occurred in the light of day I think would be somewhat of 4 a mischaracterization. 5 CHAIRMAN NELSON: Thank you. 6 Additional Commissioner questions. Motions. 7 8 Commissioner Hanson. COMMISSIONER HANSON: Mr. Chairman, I move in 10 Docket EL14-026 that the Commission deny Black Hills 11 Industrial Intervenors' Amended Petition for Rehearing 12 and Reconsideration and that the Commission shall not 13 reconsider its Final Decision and Order issued on 14 April 17, 2015, regarding issues set forth in the Order 15 for and Notice of Hearing on Petition for Reconsideration 16 issued by the Commission on May 11, 2015. 17 CHAIRMAN NELSON: Discussion on the Motion. 18 COMMISSIONER HANSON: Well, I wasn't going to 19 comment, but I think that the case is well proven. 20 information that we have is suffice to show that there's 21 no reason for reconsideration. 22 CHAIRMAN NELSON: Thank you.

Additional discussion.

2.3

24

25

I'm going to weigh in on this. And I'm going to support Commissioner Hanson's Motion. And I want to say

this: A Motion to reconsider I take very, very seriously. I think it's a serious motion.

And I will admit there are times in the heat of a moment when we're trying to pull together a thousand details and come up with a very coherent motion on certain issues.

And I can think of a case just recently in the Keystone Docket where a Motion for Reconsideration was filed very appropriately so because we didn't pull things together properly for a Protective Order. And it was very appropriate that we took another look at that, having a little bit of space and time in order to do that in order to get it exactly right.

And so I, again, emphasize I look at this very seriously. But I've gone through Mr. Moratzka's Brief. I've looked at each and every allegation that he's made. I've evaluated it with what I think is a fresh light. And in each case I fail to find that he makes his case.

And so I would agree with Commissioner Hanson that I think we have done our job properly, and we've done all that we can do in this particular docket.

Additional discussion.

Hearing none, all those in favor of the Motion to deny will vote aye. Those opposed, nay.

Commissioner Hanson.

1	
1	COMMISSIONER HANSON: Aye.
2	CHAIRMAN NELSON: Commissioner Fiegen.
3	COMMISSIONER FIEGEN: Fiegen votes aye.
4	CHAIRMAN NELSON: Nelson votes aye.
5	The Motion carries. The Motion is denied.
