Case Compress THE PUBLIC UTILITIES COMMISSION 3 2 OF THE STATE OF SOUTH DAKOTA CHAIRMAN HANSON: TC05-096. 1 3 2 Mr. Gerdes. IN THE MATTER OF THE ESTABLISHMENT 3 MR. GERDES: Mr. Chairman, members 4 TC05-096 OF SWITCHED ACCESS RATES FOR THE 5 LOCAL EXCHANGE CARRIERS ASSOCIATION 4 of the Commission, I'm the same Dave Gerdes that 5 ន took a lot of your time not too long ago. And I 6 think we've pretty thoroughly ventilated most of 7 Transcript of Proceedings September 27, 2005 7 8 the arguments on whether or not the merits should 8 require that intervention be granted. a BEFORE THE PUBLIC UTILITIES COMMISSION, g And I would simply say that this, of course, GARY HANSON, CHAIRMAN BOB SAHR (by telephone), VICE CHAIRMAN DUSTY JOHNSON, COMMISSIONER 10 is the docket that establishes the LECA tariff 11 based upon the cost studies that we just talked 11 12 COMMISSION STAFF Rolayne Ailts Wiest 12 about and we, of course, would ask to be -- to 13 John Smith Karen Cremer 13 intervene in this docket as well, which, of course, 14 Sara Greff Grea Rislov 14 then puts the whole package together, so to speak. 15 Harlan Best Keith Senger 15 The one additional item here is the suspension 16 Dave Jacobson Michele Farris 16 of the operation of the tariff, and we would submit Jim Mehlhaff 17 Tina Douglas 17 that we have made a formal filing on that, and we 18 Heather Forney Pam Bonrud 18 have asked that the tariff be suspended. And in 19 19 support of that we'd say first that this is 20 20 something that's pretty routine for the Commission 21 21 to do, but that secondly that refund sounds great 22 22 theoretically but it's difficult to put together a 23 Reported By Cheri McComsey Wittler, RPR, CRR 23 refund plan and we would submit that it would be 24 24 much better simply to refund the -- or, excuse me, 25 simply to suspend the tariff until we've resolved 25 APPEARANCES BY TELEPHONE the issues that are present and then that the -- an 1 2 Talbot Wieczorek 2 appropriately constructed tariff be approved. Colleen Sevold 3 Erin Jordahl 3 Doug Eidahl CHAIRMAN HANSON: Thank you. Is 4 David Chorzempa 4 there anyone else wishing to give testimony on item Jeff Larson 5 Denny Law 5 number 2? Suzie Rac 6 Jeff Decker 6 MS. POLLMAN ROGERS: Yes. My name Mike Bradley 7 Brian Everson 7 is Darla Rogers, and on behalf of LECA and its Marlene Bennett Larry Hettinger 8 8 member companies, I don't believe that we have Peter Rasmussen 9 9 addressed that portion of item number 2 concerning 10 suspension of the rates. 10 11 TRANSCRIPT OF PROCEEDINGS, held in the 11 And we would oppose that suspension. As noted above-entitled matter, at the South Dakota State 12 12 previously, if there are additional parties, the 13 Capitol, Room 412, 500 East Capitol Avenue, Pierre, 13 whole process is delayed, and we really need to South Dakota, on the 27th day of September 2005, 14 14 have the rates in effect. I'm not trying to 15 commencing at 9:30 a.m. 15 testify here, but just to quantify, we had 16 16 initially .. LECA had filed a docket or petition to 17 have this Commission waive the requirement under 17 18 the rule of using historical test period for 18 19 19 minutes of use only. 20 20 We ultimately withdrew that docket, but the 21 difference that occurred as a result of that when 22 22 we amended our filings and used historical test 23 23 minutes of use resulted in a 5 percent decrease in 24 24 the revenue requirement, which approximates about 25 25 \$154,000 per month. So that's the -- I'm just

trying to quantify what happens if you grant this. The rates are suspended for a minimum of 120 days, is it, and then maybe 160, and if the docket is not completed in that time, then I believe the statute provides the rates can go into effect.

But we're talking about a lot of -- a lot of dollars to the local exchange carriers. And those losses could be even greater if the minutes of use continue to decline and as you extend it out farther and farther and farther away from that historical test year, that's what happens.

I would also point out that the IXCs are unharmed because the statute does allow for you, the Commission, to order a refund and also to order interest. And I recognize what Mr. Gerdes says with regard to a refund plan and a lot of that depends on the amount of the refund. I mean, when we're talking about the refund, for example, for the TC03-108 docket, which was actually for two months that that rate was in effect, we're talking a total of less than \$25,000.

If you handled -- I mean, how you approve refunding that is certainly up to the Commission, but to issue a bunch of checks to a bunch of carriers in less than a dollar amount, certainly

so we went ahead filed asking that the suspension be granted.

Mrs. Rogers was right when she said the Commission has the ultimate authority to approve that plan. So we would like them to come forth with some sort of plan on how they plan to do that. Because she said on one hand, well, we don't want to write a dollar check. I can't say that anybody would disagree with her there. So they have chosen how to use the next round of money to refund. And I don't think that's appropriate.

I think they need to come forward with those plans, and they need to get those approved by the Commission and until that time or we can see how they're planning on doing their plan I believe you should suspend the -- grant Midcontinent's request for suspension of the tariff.

Thank you.

CHAIRMAN HANSON: Thank you. Are there any questions?

If not, is there a Motion? I have a Motion on the table. I will second that Motion.

VICE CHAIRMAN SAHR: And I concur. MR. CHORZEMPA: What is the Motion on the table?

seems to be very confusing as opposed to what we have done in other instances and that would be to reduce the revenue requirement of the next filing.

So there's a lot of discretion and a lot of latitude that the Commission has. But I think that the IXCs can be unharmed in the process. So for these reasons, because of the magnitude of the effect on the local exchange carriers and the fact that the IXCs can by statute be held harmless, we would urge you to resist the Motion to suspend the rates.

Thank you.

CHAIRMAN HANSON: Is there anyone else wishing to give testimony on this item? We'll turn to staff.

MS. CREMER: Thank you.
Karen Cremer from staff. Staff really, you know, in the past has supported the -- allowing the rate to go into effect, and I believe that was TCO3-108, and I can't remember the other one. But anyway, in this -- the problem staff is having now is we've never seen the LECs come forward with a plan. We have no idea what they're doing with their money or how they're planning on refunding that money. And we asked the question. We did not get a response

CHAIRMAN HANSON: The Motion was given by Commissioner Johnson just prior to the TC05-096 reading. It granted the intervention to Midcontinent Communications, MCImetro, and it provided that the Commission suspend the operation of the tariff for 120 days.

MR. CHORZEMPA: I thought I also heard him say allow rates to go into effect subject to refund with interest.

CHAIRMAN HANSON: Was that part of your motion?

COMMISSIONER JOHNSON: It was. I don't know that it should have been. I will restate the Motion that we grant intervention and suspend the operation of the tariff for 120 days.

CHAIRMAN HANSON: Thank you. I will second that Motion.

VICE CHAIRMAN SAHR: And I concur. MR. VAN CAMP: I believe the original Motion allowed for intervention of AT&T of the Midwest as well.

COMMISSIONER JOHNSON: Yes. The Motion is to grant intervention to all three parties.
