

**BEFORE THE PUBLIC UTILITIES COMMISSION
OF THE STATE OF SOUTH DAKOTA**

IN THE MATTER OF THE FILING BY VENTURE)	FINDINGS OF FACT,
COMMUNICATIONS, INC. FOR DESIGNATION)	CONCLUSIONS OF LAW,
AS AN ELIGIBLE TELECOMMUNICATIONS)	ORDER AND NOTICE OF
CARRIER)	ENTRY OF ORDER
)	TC97-095

On June 19, 1997, the Public Utilities Commission (Commission) received a request for designation as an eligible telecommunications carrier (ETC) from Venture Communications, Inc. (Venture Communications). Venture Communications requested designation as an eligible telecommunications carrier within the local exchange areas that constitute its service area.

The Commission electronically transmitted notice of the filing and the intervention deadline to interested individuals and entities. No person or entity filed to intervene. By order dated November 7, 1997, the Commission set the hearing for this matter for 1:30 p.m. on November 19, 1997, in Room 412, State Capitol, Pierre, South Dakota.

The hearing was held as scheduled. At the hearing, the Commission granted Venture Communications a one year waiver of the requirement to provide toll control service within its service area and a waiver until June 1, 1998, of the requirement to provide single party service. At its December 11, 1997, meeting, the Commission granted ETC designation to Venture Communications and designated its study area as its service area.

Based on the evidence of record, the Commission enters the following Findings of Fact and Conclusions of Law.

FINDINGS OF FACT

I

On June 19, 1997, the Commission received a request for designation as an ETC from Venture Communications. Venture Communications requested designation as an ETC within the local exchange areas that constitute its service area. Venture Communications serves the following exchanges: Onida (258); Bowdle (285); Roscoe (287); Pierpont (325); Britton (448); Britton (701-443); Roslyn (486); Wessington Springs (539); Selby (649); Gettysburg (765); and Lebanon (768). Exhibit 1.

II

Pursuant to 47 U.S.C. § 214(e)(2), the Commission is required to designate a common carrier that meets the requirements of section 214(e)(1) as an ETC for a service area designated by the Commission.

III

Pursuant to 47 U.S.C. § 214(e)(1), a common carrier that is designated as an ETC is eligible to receive universal service support and shall, throughout its service area, offer the services that are supported by federal universal service support mechanisms either using its own facilities or a combination of its own facilities and resale of another carrier's services. The carrier must also advertise the availability of such services and the rates for the services using media of general distribution.

IV

The Federal Communications Commission (FCC) has designated the following services or functionalities as those supported by federal universal service support mechanisms: (1) voice grade access to the public switched network; (2) local usage; (3) dual tone multi-frequency signaling or its functional equal; (4) single party service or its functional equivalent; (5) access to emergency services; (6) access to operator services; (7) access to interexchange service; (8) access to directory assistance; and (9) toll limitation for qualifying low-income consumers. 47 C.F.R. § 54.101(a).

V

As part of its obligations as an ETC, an ETC is required to make available Lifeline and Link Up services to qualifying low-income consumers. 47 C.F.R. § 54.405; 47 C.F.R. § 54.411.

VI

Venture Communications offers voice grade access to the public switched network to all consumers throughout its service area. Exhibit 1.

VII

Venture Communications offers local exchange service including an amount of local usage free of per minute charges to all consumers throughout its service area. Id.

VIII

Venture Communications offers dual tone multi-frequency signaling to all consumers throughout its service area. Id.

IX

Venture Communications offers single party service to all but three consumers throughout its service area. Exhibit 2. Venture Communications acquired its exchanges from U S WEST Communications, Inc. and is still in the process of converting multi-party customers to single party. Venture Communications requested a waiver of the requirement to provide single party service to those three customers until June 1, 1998. Tr. at 40.

X

Venture Communications offers access to emergency services to all consumers throughout its service area. Exhibit 1.

XI

Venture Communications offers access to operator services to all consumers throughout its service area. Id.

XII

Venture Communications offers access to interexchange services to all consumers throughout its service area. Id.

XIII

Venture Communications offers access to directory assistance to all consumers throughout its service area. Id.

XIV

One of the services required to be provided by an ETC to qualifying low-income consumers is toll limitation. 47 C.F.R. § 54.101(a)(9). Toll limitation consists of both toll blocking and toll control. 47 C.F.R. § 54.400(d). Toll control is a service that allows consumers to specify a certain amount of toll usage that may be incurred per month or per billing cycle. 47 C.F.R. § 54.400(c). Toll blocking is a service that lets consumers elect not to allow the completion of outgoing toll calls. 47 C.F.R. § 54.400(b).

XV

Venture Communications offers toll blocking to all consumers throughout its service area. Exhibit 1.

XVI

Venture Communications does not currently offer toll control. Id. In order for Venture Communications to provide toll control, additional usage tracking and storage capabilities will have to be installed in its local switching equipment. Venture Communications is attempting to determine whether the necessary software has been developed and when it might become available. Id.

XVII

Venture Communications stated that it is faced with exceptional circumstances concerning its ability to make toll control service available and requested a one year waiver from the requirement to provide such service. Id. Prior to the end of the one year period, Venture Communications will report back to the Commission with specific information indicating when the network upgrades can be made in order to provide toll control. Id.

XVIII

With respect to the obligation to advertise the availability of services supported by the federal universal service support mechanism and the charges for those services using media of general distribution, Venture Communications stated that it advertises the availability of its local exchange services in media of general distribution throughout its service area. However, Venture Communications has not generally advertised the prices for these services. Id. Venture Communications stated its intention to comply with any advertising standards developed by the Commission. Id.

XIX

Venture Communications currently offers Lifeline and Link Up service discounts in its exchanges. Exhibit 2. Venture Communications will offer the Lifeline and Link Up service discounts in all of its service area beginning January 1, 1998, in accordance with 47 C.F.R. §§ 54.400 to 54.417, inclusive, and any Commission imposed requirements. Exhibit 2.

XX

The Commission finds that Venture Communications currently provides and will continue to provide the following services or functionalities throughout its service area: (1) voice grade access to the public switched network; (2) local usage; (3) dual tone multi-frequency signaling; (4) single-party service to all but three customers; (5) access to emergency services; (6) access to operator services; (7) access to interexchange service; (8) access to directory assistance; and (9) toll blocking for qualifying low-income consumers.

XXI

The Commission finds that pursuant to 47 C.F.R. § 54.101(c) it will grant Venture Communications a waiver of the requirement to offer single party service until June 1, 1998. The Commission finds that exceptional circumstances prevent Venture Communications from meeting the single party service requirement and will allow a waiver of the requirement for the three remaining customers until June 1, 1998.

XXII

The Commission finds that pursuant to 47 C.F.R. § 54.101(c) it will grant Venture Communications a waiver of the requirement to offer toll control services until December 31, 1998. The Commission finds that exceptional circumstances prevent Venture Communications from providing toll control at this time due to the difficulty in obtaining the necessary software upgrades to provide the service.

XXIII

The Commission finds that Venture Communications intends to provide Lifeline and Link Up programs to qualifying customers throughout its service area consistent with state and federal rules and orders.

XXIV

The Commission finds that Venture Communications shall advertise the availability of the services supported by the federal universal service support mechanism and the charges therefor throughout its service area using media of general distribution once each year. The Commission further finds that if the rate for any of the services supported by the federal universal service support mechanism changes, the new rate must be advertised using media of general distribution.

XXV

Pursuant to 47 U.S.C. § 214(e)(5), the Commission designates Venture Communications's current study area as its service area.

CONCLUSIONS OF LAW

I

The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26, 49-31, and 47 U.S.C. § 214.

II

Pursuant to 47 U.S.C. § 214(e)(2), the Commission is required to designate a common carrier that meets the requirements of section 214(e)(1) as an ETC for a service area designated by the Commission.

III

Pursuant to 47 U.S.C. § 214(e)(1), a common carrier that is designated as an ETC is eligible to receive universal service support and shall, throughout its service area, offer the services that are supported by federal universal service support mechanisms either using its own facilities or a combination of its own facilities and resale of another carrier's services. The carrier must also advertise the availability of such services and the rates for the services using media of general distribution.

IV

The FCC has designated the following services or functionalities as those supported by federal universal service support mechanisms: (1) voice grade access to the public switched network; (2) local usage; (3) dual tone multi-frequency signaling or its functional equal; (4) single party service or its functional equivalent; (5) access to emergency services; (6) access to operator services; (7) access to interexchange service; (8) access to directory assistance; and (9) toll limitation for qualifying low-income consumers. 47 C.F.R. § 54.101(a).

V

As part of its obligations as an ETC, an ETC is required to make available Lifeline and Link Up services to qualifying low-income consumers. 47 C.F.R. § 54.405; 47 C.F.R. § 54.411.

VI

Venture Communications has met the requirements of 47 C.F.R. § 54.101(a) with the exception of the ability to offer toll control and the ability to offer single party service to all of its customers. Pursuant to 47 C.F.R. § 54.101(c), the Commission concludes that Venture Communications has demonstrated exceptional circumstances that justify granting it a waiver of the requirement to offer toll control until December 31, 1998 and a waiver of the requirement to offer single party service until June 1, 1998.

VII

Venture Communications shall provide Lifeline and Link Up programs to qualifying customers throughout its service area consistent with state and federal rules and orders.

VIII

Venture Communications shall advertise the availability of the services supported by the federal universal service support mechanism and the charges therefor using media of general distribution once each year. If the rate for any of the services supported by the federal universal service support mechanism changes, the new rate shall be advertised using media of general distribution.

IX

Pursuant to 47 U.S.C. § 214(e)(5), the Commission designates Venture Communications's current study area as its service area.

X

The Commission designates Venture Communications as an eligible telecommunications carrier for its service area.

It is therefore

ORDERED, that Venture Communications's current study area is designated as its service area; and it is

FURTHER ORDERED, that Venture Communications shall be granted a waiver of the requirement to offer single party service to all consumers until June 1, 1998; and it is

FURTHER ORDERED, that Venture Communications shall be granted a waiver of the requirement to offer toll control services until December 31, 1998; and it is

FURTHER ORDERED, that Venture Communications shall follow the advertising requirements as listed above; and it is

FURTHER ORDERED, that Venture Communications is designated as an eligible telecommunications carrier for its service area.

NOTICE OF ENTRY OF ORDER

PLEASE TAKE NOTICE that this Order was duly entered on the 17th day of December, 1997. Pursuant to SDCL 1-26-32, this Order will take effect 10 days after the date of receipt or failure to accept delivery of the decision by the parties.

Dated at Pierre, South Dakota, this 17th day of December, 1997.

CERTIFICATE OF SERVICE	
The undersigned hereby certifies that this document has been served today upon all parties of record in this docket, as listed on the docket service list, by facsimile or by first class mail, in properly addressed envelopes, with charges prepaid thereon.
