--	-------------	--

At its August 17, 1999, meeting, the Public Utilities Commission (Commission) voted to direct the Executive Director to open a docket to consider whether to have intraLATA toll and wide-area telephone services for U S WEST Communications, Inc. (U S WEST) reclassified from emerging competitive to fully competitive (Commissioner Schoenfelder, dissenting). Pursuant to SDCL 49-31-3.2, when determining how a telecommunications service is to be classified, the Commission shall consider the following:

- (1) The number and size of alternative providers of the service and the affiliation to other providers;
- (2) The extent to which services are available from alternative providers in the relevant market;
- (3) The ability of alternative providers to make functionally equivalent or substitute services readily available at competitive rates, terms, and conditions of service;
- (4) The market share, the ability of the market to hold prices close to the cost, and other economic measures of market power; and
- (5) The impact on universal service.

The Commission has jurisdiction over this matter pursuant to SDCL 49-31-3.2 and 49-31-3.4. Pursuant to SDCL 49-31-3.4, in any proceeding to reclassify a telecommunications service, the telecommunications company providing the service has the burden of proving that the classification is appropriate if the proceeding is commenced by the Commission on its own motion. Therefore, the procedural schedule is as follow:
