<b>SERVICES INC. D/B/A SBC LONG DISTANCE )</b>	<b>AUTHORITY</b>
<b>FOR A CERTIFICATE OF AUTHORITY TO )</b>	
<b>PROVIDE LOCAL EXCHANGE SERVICES IN )</b>	<b>TC04-029</b>
<b>SOUTH DAKOTA )</b>	

On February 18, 2004, the Public Utilities Commission (Commission) received an application for a certificate of authority from Southwestern Bell Communications Services Inc. d/b/a SBC Long Distance (SBCS).

SBCS proposes to provide facilities-based and resold local exchange and exchange access telecommunications services within South Dakota. A proposed tariff was filed by SBCS.

On February 19, 2004, the Commission electronically transmitted notice of the filing and the intervention deadline of March 5, 2004, to interested individuals and entities. No petitions to intervene or comments were filed and at its regularly scheduled June 8, 2004, meeting, the Commission considered SBCS' request for a certificate of authority. Commission Staff recommended granting a certificate of authority, subject to a continuous \$25,000 surety bond, and subject to rural safeguards. Commission Staff further recommended a waiver of ARSD 20:10:32:03(11).

The Commission finds that it has jurisdiction over this matter pursuant to SDCL Chapter 49-31, specifically 49-31-69 and ARSD 20:10:32:03. The Commission finds that SBCS has met the legal requirements established for the granting of a certificate of authority. SBCS has, in accordance with SDCL 49-31-71, demonstrated sufficient technical, financial and managerial capabilities to offer telecommunications services in South Dakota. Further, the Commission finds that there is good cause to waive subparagraph (11) of ARSD 20:10:32:03.

The Commission approves SBCS' application for a certificate of authority, subject to a continuous \$25,000 surety bond, and subject to rural safeguards. The certificate of authority for SBCS shall authorize it to offer local exchange services in South Dakota, except in those areas served by a rural telephone company. In the future, should SBCS choose to provide local exchange services statewide, with respect to rural telephone companies, SBCS will have to come before the Commission in another proceeding before being able to provide local service in that rural service area pursuant to 47 U.S.C. § 253(f) which allows the Commission to require a company that seeks to provide service in a rural service area to meet the requirements in 47 U.S.C. § 214(e)(1) for designation as an eligible telecommunications carrier. In addition, the granting of statewide certification will not affect the exemptions, suspensions, and modifications for rural telephone companies found in 47 U.S.C. § 251(f). It is therefore

ORDERED, that SBCS' application for a certificate of authority to provide local exchange services is granted, subject to a continuous \$25,000 surety bond; and it is

FURTHER ORDERED, that SBCS shall file informational copies of tariff changes with the Commission as the changes occur; and it is

FURTHER ORDERED, that the Commission shall authorize SBCS to offer its local exchange services in South Dakota, except in those areas served by a rural telephone company; and it is

FURTHER ORDERED, that the Commission waives subparagraph (11) of ARSD 20:10:32:03.

Dated at Pierre, South Dakota, this 11th day of June, 2004.
