On May 29, 2012, the Public Utilities Commission (Commission) received a filing from Metropolitan Telecommunications (Metropolitan) for approval of revisions to its South Dakota Switched Access Services Tariff No. 3. The purpose of this filing is to implement the Federal Communication Commission's (FCC) intercarrier compensation reforms as set forth in its Connect America Fund Order (Order), released November 18, 2011.<sup>1</sup> As part of its Order, the FCC adopted "bill-and-keep as the default methodology" and "end state" for all intercarrier compensation traffic, including intrastate traffic. The FCC further adopted a defined "transition path" for moving to this end state. The first reduction mandated by the FCC's Order requires a carrier to reduce its intrastate terminating access rate, if above the carrier's interstate access rate, by 50 percent of the differential between the carrier's intrastate rate and the carrier's interstate access rate. The reduced rates are required to be effective by July 3, 2012.<sup>2</sup>

Metropolitan requested approval of the following tariff pages:

At its regularly scheduled meeting of July 3, 2012, the Commission considered this matter. The Commission has jurisdiction over this matter pursuant to SDCL Chapter 49-31.
