

**BEFORE THE PUBLIC UTILITIES COMMISSION  
OF THE STATE OF SOUTH DAKOTA**

**IN THE MATTER OF THE REQUEST OF )  
NORTHERN VALLEY COMMUNICATIONS, )  
L.L.C. STUDY AREA: 399017 AND 396340 FOR )  
CERTIFICATION REGARDING ITS USE OF )  
FEDERAL UNIVERSAL SERVICE SUPPORT )**

**ORDER GRANTING  
CERTIFICATION**

**TC16-018**

On June 28, 2016, the Public Utilities Commission (Commission) received an application from Northern Valley Communications, L.L.C. (Company) regarding its request for certification regarding its use of federal universal service support. The purpose of this filing was to provide information constituting the Company's plan for the use of its federal universal service support and to otherwise verify that the Company will use all federal universal service support received in a manner that is consistent with the federal universal service provisions of 47 U.S.C. § 254. Pursuant to 47 C.F.R. § 54.314(a), in order for an eligible telecommunications carrier (ETC) to receive support pursuant to the Federal Communications Commission's (FCC's) high-cost program, a state must file an annual certification with the Universal Service Administrative Company (USAC) and the FCC stating that all federal high-cost support provided to the ETC "was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended."

On June 30, 2016, the Commission electronically transmitted notice of the filing and the intervention deadline of July 15, 2016, to interested individuals and entities on the Commission's PUC Weekly Filings electronic listserv. No parties sought intervention. On August 10, 2016, the Company responded to Staff's data request. On October 3, 2016, the Company requested that the Commission reopen the docket to consider SAC 396340 and filed additional information. SAC 396340 is a rural broadband experiment study area code that was authorized to receive support on February 9, 2016, by the Wireline Competition Bureau and no support was received in 2015. On October 4, the Company responded to Staff's second data request.

At an ad hoc meeting on October 5, 2016, the Commission considered this matter. The Commission has jurisdiction over this matter pursuant to SDCL Chapter 49-31 and 47 U.S.C. § 254. The Commission unanimously voted to approve the Company's request for certification. The Commission finds that the Company is eligible to receive federal support. The Commission finds that all federal high-cost support provided to the Company will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is therefore

**ORDERED**, that the Company is eligible to receive federal support as all federal high-cost support provided to the Company for SAC 396340 will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. It is further

ORDERED, that the Commission approves the Company's request for certification.

Dated at Pierre, South Dakota, this 6<sup>th</sup> day of October, 2016.

<p style="text-align: center;"><b>CERTIFICATE OF SERVICE</b></p> <p>The undersigned hereby certifies that this document has been served today upon all parties of record in this docket, as listed on the docket service list, electronically or by mail.</p> <p>By: <u>Adam Lettueck</u></p> <p>Date: <u>10/6/16</u></p> <p style="text-align: center;">(OFFICIAL SEAL)</p>
