<u>DEFINITIONS OF SEASONS:</u>

Summer: June 1 through September 30. Winter: October 1 through May 31.

DETERMINATION OF BILLING DEMAND: The Demand will be determined based on the peak one-hour Demand reading recorded during the Winter controlled period for the most recent 12 months.

<u>DEMAND SIGNAL</u>: Service may receive a Demand signal for up to a total of 14 hours during any 24-hour period, as measured from midnight to midnight. Water heaters served on this Tariff will also be included in the Company's Summer water heater load control program.
