

**STATE OF SOUTH DAKOTA  
GAS RATE SCHEDULE**

South Dakota Intrastate Pipeline Company  
1415 North Airport Road  
Pierre, SD 57501

SD P.U.C. Section 3  
1<sup>st</sup> Revised Sheet No. 2  
Cancelling Original Sheet No. 2

**INTERRUPTIBLE TRANSPORTATION SERVICE      Rate 2**

**Availability:** Interruptible Transportation Service is available to Shippers that have an executed contract for interruptible service with Transporter, which contract has been approved by the South Dakota Public Utilities Commission. Shippers taking service under this Interruptible Transportation Service schedule are responsible for procuring quantities of natural gas that South Dakota Intrastate Pipeline will transport under the terms of this Interruptible Transportation Service schedule. At a minimum, the contract for interruptible service must detail the following: (i) minimum natural gas transportation service volumes; (ii) the rate for interruptible transportation service; (iii) a rate for ancillary services; and (iv) an adjustment mechanism to account for variable costs Transporter incurs to provide Interruptible Transportation Service. Deliveries of gas under this Interruptible Transportation Service schedule shall be subject at all times to prior demands of Shippers(s) served on Transporter's Firm Transportation Service schedule in accordance with Paragraph 12 of the General Terms and Conditions. Shippers taking service under this Interruptible Transportation Service schedule agree that Transporter, without prior notice, shall have the right to curtail or interrupt such service whenever, in its sole judgment, it may be necessary to do so to protect the interest of its Firm Transportation Service Shippers(s) whose capacity requirements are otherwise and hereby given preference. In no event shall Transporter be responsible for any costs associated with undelivered gas that were subject to an interruption or curtailment in this Interruptible Transportation Service schedule.

**Metering Requirements:** Remote data acquisition equipment required for daily measurement will be installed by Transporter, at its sole discretion, prior to the initiation of service under this Interruptible Transportation Service schedule, which cost shall be borne by Shipper. Transporter shall provide Firm Transportation Service Shipper(s) with metering information.
