

South Dakota Census Blocks with Fiber Deployed – 2017

This map was created by the South Dakota Public Utilities Commission Staff using the FCC Form 477 Broadband Deployment Data, Data As Of December 31, 2017, Version 1. Bolded areas represent census blocks first added in the 2017 data and not shown in prior years. More information on the source can be found at the FCC's website, <https://www.fcc.gov/general/broadband-deployment-data-fcc-form-477>.

The PUC makes no representations or warranties regarding the accuracy of the data or maps. The bandwidth shown in a particular census block may not be offered everywhere within the census block. Do not rely on this map for official or legal use. The user will not hold the state liable under any circumstances for damages with respect to a claim by the user or a third party on account of or arising from the use of the data or maps. Consult your telecommunications provider on the status of broadband buildout for your location. This map is subject to change.
