Re: Fuel Clause Adjustment
April 2016

Dear Ms. Van Gerpen:

Montana-Dakota Utilities Co. (Montana-Dakota), a Division of MDU Resources Group, Inc., herewith respectfully files a fuel adjustment, statement attached hereto, in accordance with its Fuel Clause Rate 58. The attached statement shows the following:

Cost/Kwh - 3 months ended February 29, 2016	\$0.020061
Base Cost/Kwh Included in Current Rates	0.014704
Increase(Decrease) from Base Cost	<u>\$0.005357</u>
Net Billing Adjustment after 90% Provision	\$0.004821

Montana-Dakota will, unless the Commission otherwise orders, apply the 0.4821 cents per Kwh for service rendered during the month of April 2016. This is a decrease of 0.3073 cents from the March level.

Montana-Dakota began taking service from the Southwest Power Pool (SPP) on October 1, 2015 upon Western Area Power Administration (WAPA) joining SPP to replace WAPA Network Integrated Transmission Service agreement. As such, Montana-Dakota will be responsible for additional energy related cost components, including marginal congestion and losses, for certain energy deliveries which rely on SPP transmission.

Sincerely,

A handwritten signature in blue ink that reads 'Tamie A. Aberle'.

Tamie A. Aberle
Director of Regulatory Affairs
