Re: Small Generator Facility Interconnection Report for 2020

Dear Ms. Van Gerpen:

MidAmerican Energy Company ("MidAmerican") submits its Small Generator Facility Interconnections Report for 2020, as required pursuant to ARSD 20:10:36:63.

In the attached report, MidAmerican identifies that no customers have interconnected generation with MidAmerican's distribution system during the 2020 calendar year. One customer is pending interconnection after successful completion of a witness test.

Questions about this submission can be directed to me at 515-252-6547 or by email at [Katelyn.Lynch-Butcher@midamerican.com](mailto:Katelyn.Lynch-Butcher@midamerican.com).

Sincerely,

*/s/ Katelyn M. Lynch-Butcher*

Katelyn M. Lynch-Butcher  
Attorney

Attachment

**MidAmerican Energy Company**  
**South Dakota - Annual Interconnection Report**

Per ARSD 20:10:36:63

Calendar Year: 2020

Queue #	Size (kW)	Interconnection Payment	Application Completion Date	Interconnection Completion Date
884	3,600	\$240,000	8/15/2018	*n/a

\*n/a : Not Available. The small generator was installed and utility system upgrades completed in 2019. The interconnection will be complete after a successful witness test. Note: Queue number is based on a company-wide numbering system
