ADDRESS

**RE: In the Matter of the Transmission Permit for the Big Stone South to Ellendale
Project (SD PUC Docket No. EL 13-028)
Montana-Dakota Utilities Co. and Otter Tail Power Company**

Dear NAME,

On August 23, 2013, Montana-Dakota Utilities Co. and Otter Tail Power Company filed a Facility Permit Application with the South Dakota Public Utilities Commission (Commission) for the proposed Big Stone South to Ellendale 345 kV transmission line project. The project will be 160 miles to 170 miles long and routed between a new substation to be located near Ellendale in Dickey County, North Dakota, and the Big Stone South substation near Big Stone City in Grant County, South Dakota. The South Dakota portion will be about 150 to 160 miles long. Previous public input hearings occurred regarding the transmission line project on October 17, 2013.

The original proposed route for the transmission line project may be revised as set forth in the attached map. You are a landowner designated to receive the property tax bill of land located within one-half mile of potential proposed, revised sites for the transmission line. Therefore, you are receiving with this letter a notice of a new public input hearing, which is scheduled for May 20, 2014 at 6:30 p.m. at the Ramada Hotel and Conference Center in Aberdeen, South Dakota. The date and time of the public input hearing is subject to change by the Commission. Visit the Commission's website at <http://puc.sd.gov> to view the docket in this matter, which is EL13-028, for orders addressing important deadlines and any change in date, time or location of the public input hearing.

Additional project information, including more detailed maps, is available at our website www.bssetransmissionline.com or by calling the information line 1-888-283-4678.

Sincerely,

Montana-Dakota Utilities Co.

Otter Tail Power Company

	)	EL13-028

On August 23, 2013, Montana-Dakota Utilities Co., a Division of MDU Resources Group, Inc., a Delaware corporation, and Otter Tail Power Company, a Minnesota corporation, (jointly, the Applicants) filed with the South Dakota Public Utilities Commission (Commission) an Application for a Facility Permit for the Big Stone South to Ellendale 345 kV Transmission Line project (Application) and a Motion to Schedule Prehearing Conference (Motion). The Application requests Commission approval of a permit to construct a 345-kilovolt (kV) transmission line of approximately 150 to 160 miles in South Dakota (Project). The line will cross the South Dakota and North Dakota border in Brown County, South Dakota, and extend south and east through Brown, Day, and Grant counties to the Big Stone South Substation in Grant County, South Dakota, near Big Stone City. Modifications to the Project may occur depending on the final route permitted, land rights, and final engineering design. The Commission has jurisdiction over this matter pursuant to SDCL Chapters 1-26 and 49-41B and ARSD Chapter 20:10:22.

On August 26, 2013, the Commission issued a Notice of Application; Order for and Notice of Public Input Hearings; Notice of Opportunity to Apply for Party Status (Order). On August 29, 2013, the Commission electronically transmitted notice of the Application and the intervention deadline of October 22, 2013, to interested individuals and entities on the Commission's PUC Weekly Filings electronic listserv. On September 13, 2013, the Order was served on the governing bodies of all counties and municipalities in the project area, and notices of the public hearings were published in project area newspapers as provided in SDCL 49-41B-5.2 and 49-41B-15. On September 13, 2013, the Commission issued an Order Assessing Filing Fee assessing a filing fee not to exceed the statutory maximum of \$360,000 with a minimum fee of the statutory \$8,000 minimum. The public hearings were held as scheduled on October 17, 2013, in Aberdeen and Milbank. On October 18, 2013, Gerald Pesall filed an Application for Party Status. On November 6, 2013, the Commission issued an Order Granting Intervention and Party Status to Gerald Pesall. On January 13, 2014, the Commission issued a Procedural Scheduling Order setting the matter for formal evidentiary hearing on June 10-12, 2014, in Room 413 of the State Capitol Building in Pierre beginning at 1:00 p.m. CDT with days two and three beginning at 8:00 a.m. CDT. On January 27, 2014, Applicants filed a First Amendment to Application (Amendment).

Due to Applicants having made some route changes in certain areas of the Project which will result in some additional landowners coming within the half-mile Project corridor, Applicants will be required to serve notice on such landowners and the Commission deems it proper to hold an additional public input hearing. Pursuant to SDCL 49-41B-15 and 49-41B-16, **the Commission will hold an additional public input hearing on the Application on Tuesday, May 20, 2014, at 6:30 p.m. CDT in Meeting Room D & H, Ramada Aberdeen Hotel and Conference Center, 2727 Sixth Ave. SE, Aberdeen, S.D. 57401.**

The purpose of this public input hearing will be to hear public comment regarding the transmission line permit Application, the Amendment, and the Project. At the hearing, Applicants will present a brief description of the Project, following which interested persons may appear and present their views, comments and questions regarding the Application. A copy of the Application is on file with the Brown, Day, and Grant County Auditors pursuant to SDCL 49-41B-15(5) and at the Commission's office in Pierre. The Application and all other documents in the case, including detailed maps of the Project, may be accessed on the Commission's web site at www.puc.sd.gov under Commission Actions, Commission Dockets, Electric Dockets, 2013 Electric Dockets, EL13-028.

Pursuant to SDCL 49-41B-17 and ARSD 20:10:22:40, the parties to this proceeding are currently the Applicants, Gerald Pesall, and the Commission. Any person residing in the area of the Project; each municipality, county, and governmental agency in the area where the Project is proposed to be sited; any non-profit organization formed in whole or in part to promote conservation or natural beauty, to protect the environment, personal health or other biological values, to preserve historical sites, to promote consumer interests, to represent commercial and industrial groups, or to promote the orderly development of the area in which the Project is to be sited; or any interested person, may be granted party status in this proceeding by making written application to the Commission. Applications for party status may be obtained from the Commission's web site or by contacting the Commission. Applications for party status must be received by the Commission on or before April 16, 2014.

Following the public input hearing, the Commission will hold a formal evidentiary hearing as set forth above conforming to SDCL Chapter 1-26 to consider any issues raised by any intervening party, Commission Staff, or the Commission itself. At such formal hearing, all parties will have the opportunity to appear, present evidence, and cross-examine the other parties' witnesses and exercise all other rights afforded by SDCL Chapters 1-26, 49-1, and 49-41B and ARSD Chapters 20:10:01 and 20:10:22, including rights of appeal to the courts.

For approval, the Applicants must show that the proposed transmission Project will comply with all applicable laws and rules, will not pose a threat of serious injury to the environment nor to the social and economic condition of inhabitants or expected inhabitants in the siting area, will not substantially impair the health, safety or welfare of the inhabitants, and will not unduly interfere with the orderly development of the region with due consideration having been given to the views of governing bodies of affected local units of government. Based upon these factors, the Commission will decide whether the permit should be granted, denied, or granted upon such terms, conditions or modifications of the construction, operation or maintenance as the Commission finds appropriate.

It is therefore

ORDERED, that the Commission will hold an additional public input hearing on the Project on Tuesday, May 20, 2014, at 6:30 p.m. CDT in Meeting Room D & H, Ramada Aberdeen Hotel and Conference Center, 2727 Sixth Ave. SE, Aberdeen, S.D. 57401.

Pursuant to the Americans with Disabilities Act, these hearings will be held in physically accessible locations. Please contact the Public Utilities Commission at 1-800-332-1782 at least 48 hours prior to the hearing if you have special needs so arrangements can be made to accommodate you.

Dated at Pierre, South Dakota, this 17th day of March, 2014.
