THE MINNEHAHA COUNTY COMMISSION CONVENED IN JOINT SESSION WITH THE LINCOLN COUNTY COMMISSION AND THE SIOUX FALLS CITY COUNCIL AT 5:00 P.M., January 13, 2015 pursuant to adjournment on January 13, 2015. Commissioners present were: Barth, Beninga, Heiberger, and Kelly. Also present was Robert Litz, Auditor.

Lincoln County Commissioners present: Gillespie, Long, Poppens, and Schmidt.

City Council Members present: Anderson, Erickson, Erpenbach, Jamison, Karsky, Kiley, Rolfing, Staggers, and Mayor Mike Huether.

Chairperson Heiberger called the meeting to order.

MOTION by Barth, seconded by Beninga, to approve the agenda. 4 ayes. Lincoln County and the City of Sioux Falls concurred.

BRIEFING

Dakota Access, LLC presented an informational briefing on the Dakota Access Pipeline Project and its application to the South Dakota Public Utilities Commission for a South Dakota Energy Facility Permit. The project would construct approximately 1,134 miles of 12-inch to 30-inch diameter pipeline through the states of North Dakota, South Dakota, Iowa, and Illinois to move crude oil from the Bakken Three Forks area in northwestern North Dakota to the Patoka Hub in Patoka, Illinois. The pipeline would interconnect with third-parties for re-delivery of crude oil to processing facilities and refineries located in the Midwest and Gulf Coast for production of motor fuels and other crude oil derivatives. A public hearing on the application will be held by the PUC on January 22, 2015, at 5:30 p.m. in Sioux Falls, at the Best Western Ramkota Hotel in the Roosevelt Room. Additional information is available at: puc.sd.gov

MOTION by Barth, seconded by Beninga, to adjourn. 4 ayes. Lincoln County and the City of Sioux Falls concurred.

The Commission adjourned until 9:00 a.m. on Tuesday, January 20, 2015.

APPROVED BY THE COMMISSION:

Cindy Heiberger
Chairperson

Re: Proposed development plans in vicinity of Dakota Access Pipeline

The following is a summary of information I obtained at the Minnehaha and Lincoln County Planning and Zoning departments:

February 2, 2015

1:30 pm – Arrived at Minnehaha County Courthouse Planning and Zoning Department. I talked with one of the department staff regarding the Dakota Access Pipeline Route. I requested any information on proposed development projects in the vicinity of the proposed pipeline in Minnehaha County. No current plans for development in the vicinity of the route.

2:45 pm – Arrived at Lincoln County Courthouse Planning and Zoning Department. I talked with Paul Aslesen regarding the Dakota Access Pipeline Route. I requested any information on proposed development projects in the vicinity of the proposed pipeline in Lincoln County. I was informed that someone has been pursuing the possibility of a development in West half of Section 33 – T100N –R51W. I did not see any proposed plans for this development. I was informed of the proposed growth areas for the City of Tea and City of Harrisburg. It appears the proposed route location impacts the SW corner of the City of Tea growth area and impacts the entire south side of the City of Harrisburg growth area. I was informed that it would be beneficial for someone with Dakota Access to meet with Jim Schmidt, Chair Lincoln County Commissioners.

The following is a summary of information I obtained from the City of Hartford, SD:

February 23, 2015

2:00 pm – I called the City of Hartford and talk with Teresa Sidel, Hartford City Administrator. Teresa informed me that the City of Hartford has a 2006 – 2026 Comprehensive Plan that details the proposed growth area for the City. Teresa emailed me the document for use in preparing the overall map of Minnehaha and Lincoln County. Exhibit D of the Comprehensive Plan shows the proposed growth area.

No problem. If you will provide us to whom to notify and send the package, we will. We just need to make sure they follow all safety requirements while in the construction area as well as not delay or interfere with construction. If we follow those concessions, no problem.

Once again, I would like to thank your company for working with the City of Hartford. My council was glad to hear that you will allow the 12 feet of cover at the locations identified by our engineer. We would like to ask one last thing – is it possible to send a set of construction plans to our engineer for this area west of town and have our engineers present when the pipe is being laid to verify the cover? I think this will appease the council and assure them that you will follow through and what was agreed upon.

Thanks so much for your help.

Teresa,

We've reviewed the information received regarding the Dakota Access Pipeline and have attached an exhibit of crossings that we feel should be lowered. In anticipation of street and utility crossings, we recommend that the pipeline be lowered at all section line crossings and several other locations as identified on the exhibit. The locations identified on the exhibit illustrate where we anticipate ROW crossings in the future. At this time we estimate those future ROW's to be 100-feet in width. We recommend the pipeline be lowered through those areas where future ROW is planned. Therefore, the length of the lowering shall be determined by the angle that it crosses the section or property line. We recommend the pipeline be lowered so the top of the pipe maintains 12-feet of cover, measured from the top of pipe to the ground surface elevation.

In reviewing the easement document, Item #6 appears to allow roadway and utility crossings but the language does not specify any specific clearances. Perhaps we can add specific clearances for sewer, water mains, storm sewers and streets.
