RE: HP-002, In The Matter of the Application of Dakota Access, LLC for an Energy Facility Permit to
Construct the Dakota Access Pipeline

Dear South Dakota Commissioners:

There are so many concerns regarding the permit of the Dakota Access pipeline:

- ~ Proximity to homes/farmsteads
- ~ Proximity to Sioux Falls and the surrounding development areas
- ~ Endangering water sources
- ~ Damaging highly productive agriculture land
- ~ Oil spill clean up and the irreversible damage to our waters, land & people's homes
- ~ Misrepresentation of income benefits
- ~ Misleading on job creation for South Dakotans
- ~ Distortion of facts on relieving rail car usage
- ~ No assurances that this crude oil will stay and/or be used in the United States
- ~ Intimidation and bullying tactics that are continuously used against landowners
- ~ Use of eminent domain of a PRIVATE company for PRIVATE PROFIT!
- ~ Volatile and explosive crude oil that could aid in TERRORISM!!!

I strongly urge you to **DENY** the Dakota Access Pipeline!
