Please save our land from oil spills that will damage our soil, leak into our fresh water, and kill wildlife!!!

I am one voice, I can only reach out to you. You are a larger voice. You can voice this concern to many people who have the power to stop the Dakota Access Pipeline. Do not let them destroy our beautiful state.

Speak to not only protect our land now, speak for protection for years to come. We do not want future generations to ask, "Why did our forefathers let this pipeline into our state? Look at the damage that was done."

Thank you for your service to South Dakota!!
