RE: Sharon Stahl

I am asking you to be my voice and deny Energy Transfer Partners to build Dakota access pipeline on my property.

I am an American citizen born and raised in SD. I feel like a second class citizen. My freedom is being taken from me. I do not want to share my property with ETP.

Land values will drop. This is a farming business. We now have clean air, clean water and we feed the world. ETP would destroy all that with a hazardous oil pipe line.

My family owns 1,000's of acres. My biggest fear if you grant this there could soon be many lines coming through our acres. This section is 8 miles from Keystone!. Again please deny. We love our way of life.

Dear Sirs:

Vote "NO" in regard to the
proposed Dakota Access Pipeline.

We were told when this was first
suggested, that it would create
many jobs for South Dakota workers.
Well, that turns out to be a lie.
This company already has their own
workers.

How come you aren't keeping our
state safe from: lost of crop land,
trees, local environment, water safety,
future inhabitants, pipeline accidents,
underground aquifers, further
development of towns, homes, farmland,
farmsteads, acres, one time payments
to landowners and other liability issues.

Will this oil remain in the U.S.?

Landowner

Dear Mr. and Mrs. Vogt:

Thank you for your letter regarding the Dakota Access Pipeline. It is posted in the South Dakota Public Utilities Commission's formal pipeline siting docket, HP14-002, under Comments and Responses.

The docket may be found online at www.puc.sd.gov by clicking on Commission Actions, Commission Dockets, Hydrocarbon Pipeline Dockets, 2014 Hydrocarbon Pipeline Dockets, and then HP14-002. Since this is an open docket before the commission, correspondence is posted in the open, public docket so that the other commissioners and all parties to the case have access to it. I have enclosed a Pipeline Siting Guide and Dakota Access Frequently-Asked-Questions document linked to the commission's website home page which you may find of interest.

Sincerely,

Chris Nelson
