RE: HP14-001 Keystone's Motion to Define the Scope of Discovery ~
SDCL 49-41B-27

Commission and Interveners:

We have experienced TransCanada's on going interference at numerous levels of county, state and federal public hearings and processes.

Therefore, to allow TC to limit anything is not acceptable.

We are pleased to stand in solidarity with all groups and individuals in South Dakota and elsewhere that are opposed to the proposed KXL pipeline.

The presidential permit is likely to be denied therefore allowing TC to reapply to the PUC is questionable to begin with.

Let us be clear: TC should not be allowed to limit anything.

Thank you for your assistance.

Louis and Cathie Genung
