Ms. Rohde:

Thank you for your message to my fellow commissioners and me regarding the Keystone XL Pipeline. It will be posted in the South Dakota Public Utilities Commission's formal pipeline siting docket, HP14-001, under Comments and Responses. Since this is an open docket before the commission, any correspondence involving a commissioner must be posted in the open, public docket so that other commissioners and all parties to the case have access to it.

Dear Sirs,

Please re-permit this energy endeavor . I own property in both Harding and Minnehaha counties of South Dakota. I fully support this effort to produce and transport fuel on the North American Continent. I also support the opportunity to create more jobs in South Dakota, as well as any other states with which this pipeline intersects.

Sincerely,

Laura L Keller
