Exhibit H (5007) ~ Addition to Sue Sibson's Timeline

In July 2015, Sarah Metcalf, Liaison Officer toured the ROW of the Sibson property ~ to monitor grassland reclamation. Sibson's stated they were very upset and fearful that they will never get their ROW reclaimed. Pictures were taken and contact report was filed with Keystone. At that time, Sarah did not make an official report to PUC, although she did discuss her visit.
