This appears to be directly related to the other civil file. Consequently, I will recuse myself on this case also. Please file a copy of this email in the court file and another judge will need to be assigned to the case.

Thank you.

I will look at it on Monday and make that call.

Thanks.

Judge,  
Today I filed another petition for receivership of H&I Grain. Will you need to recuse yourself again and we go through the recusal process or since Judge Parady had the first case do I just add his name to this file also?
