Dear Commissioners,

I'm a landowner in the Dakota Range Wind project in Summit. My family has owned land in Grant County for over six decades and we hope you'll vote to approve the permit for Dakota Range Wind. I'm excited about the project and have enjoyed working with Apex Clean Energy. Their team has been hardworking I am confident they are meeting standards for the project. I'm looking forward to the wind farm being built. This project will be a big help to Grant County for decades.

The county could use the funds from Dakota Range Wind farm. This project will do right by our community for decades and bring in more taxes for our schools and roads. Myself and my family are excited for the new jobs to the area and hopeful that the money from this project will bring much needed help to our area.

I ask the commission to support Dakota Range wind project.

Jim Wohlleber
