Jerry and Nicole Bury

Milbank SD 57252

Dear Mr. and Ms. Bury,

Thank you for sharing your opinion of the Crowned Ridge siting permit request, docket EL19-003, currently before the South Dakota Public Utilities Commission.

You relayed how if approved, this project will benefit the project area with jobs, tax dollars, additional income, and clean energy. My fellow commissioners and I take several factors into account when considering whether or not to grant a wind siting permit. The primary duty of the commission is to ensure the location, construction, and operation of the facilities will produce minimal adverse effects to the health, safety, and welfare of the environment and citizens. Please note the standards we must follow are defined in South Dakota Codified Laws and Administrative Rules.

I encourage you to follow this docket as new information is added and it is reviewed. You will find it online by visiting puc.sd.gov and clicking on Commission Actions, Commission Dockets, Electric Dockets, 2019 Electric Dockets, and scrolling down to EL19-003.

Your message and my response will be posted under Comments and Responses in the docket so my fellow commissioners and other interested individuals can access them.

The enclosed Siting Guide explains the commission's processing of siting dockets such as this.

Sincerely,

Gary Hanson

Mr. Orr,

Thank you for sharing your views about renewable energy generation costs in relation to the Crowned Ridge siting permit request, docket EL19-003, currently before the South Dakota Public Utilities Commission.

My fellow commissioners and I take several factors into account when considering whether or not to grant a wind siting permit. The primary duty of the commission is to ensure the location, construction, and operation of the facilities will produce minimal adverse effects to the health, safety, and welfare of the environment and citizens. Please note the standards we must follow are defined in South Dakota Codified Laws and Administrative Rules.

I encourage you to follow this docket as new information is added and it is reviewed, <http://puc.sd.gov/Dockets/Electric/2019/EL19-003.aspx>. Your message and my response will be posted under Comments and Responses in the docket so my fellow commissioners and other interested individuals can access them.

This Siting Guide explains the commission's processing of siting dockets such as this, <http://puc.sd.gov/commission/dockets/electric/2019/el19-003/el19-003sitinghandout.pdf>.
