Re: Docket #EL19-003; Application to the SD PUC for a Facility Permit to Construct
A 300 megawatt Wind Facility

Dear Ms. Van Gerpen:

Please find attached an Archaeological and Traditional Cultural Property Inventory for Crowned
Ridge Wind, LLC. Also attached is a corresponding Certificate of Service.

If you have any questions, please contact me.

Yours very truly,

LYNN, JACKSON, SHULTZ & LEBRUN, P.C.

RE: SDCL 1-19A-11.1 Consultation

Project: 150904001S – Archaeological and Traditional Cultural Property Inventory for the Crowned Ridge I Wind Turbine Array, Addendum 1
Location: Multiple Counties
(PUC)

Dear Mr. Phillips:

Thank you for the opportunity to comment on the above referenced project pursuant to South Dakota Codified Law (SDCL) 1-19A-11.1. The South Dakota Office of the State Historic Preservation Officer would like to provide the following comments concerning the effect of the proposed project on the non-renewable cultural resources of South Dakota.

On August 19, 2019, we received your letter dated August 15, 2019, and the report entitled “Addendum 1 to Level III Intensive Archaeological and Traditional Cultural Property Resources Inventory for the Crowned Ridge Wind Turbine Array, Codington and Grant Counties, South Dakota,” by the Sisseton Wahpeton Oyate Tribal Historic Preservation Office (THPO), Spirit Lake THPO, Yankton Sioux THPO, HDR, Inc. and SWCA Environmental Consultants.

Based on the information provided in the report, we agree with the following determinations of eligibility:

- newly recorded properties 39CD0179, 39CD0182, 39CD0183 and previously recorded properties 39CD0092, 39GT0057, 39GT0208, 39GT0227, 39GT0228 and two sections of the Minneapolis and St. Louis Rail Road (39CD2015.1 and 39CD2015.46) were evaluated and determined to be **not eligible/ non-contributing** for listing in National Register of Historic Places (National Register).

- The newly recorded portions of the Great Northern Rail Road (39CD2013) and the Burlington Northern Railroad (39GT2000) should be considered **contributing** to the overall eligibility of the property.
- A total of 419 properties were identified, recorded and evaluated as Traditional Cultural Properties (TCPs) by the THPOs. The following properties should be considered **eligible** for listing in the National Register for Criterion A:

TCP-CD-0548	TCP-CD-0824	TCP-GT-0588	TCP-GT-0702	TCP-GT-0723	
TCP-CD-0549	TCP-CD-0825	TCP-GT-0589	TCP-GT-0703	TCP-GT-0724	

According to the report, the THPO's determined the proposed project will alter characteristics that make the TCPs eligible for listing in the National Register in a way that will diminish the integrity of setting and feeling. NextEra Energy Resources (NEER) and the THPOs developed the document entitled "Historic Property Monitoring and Discovery Plan for Crowned Ridge Wind and Crowned Ridge II Projects, Deuel, Grant and Codington Counties." The plan addresses protocols for construction monitoring and management/ treatment of inadvertence discoveries.

In addition, the report outlines measures developed by NEER and the THPOs to avoid, minimize and mitigate the effects of the proposed project to TCPs. The report also addresses ways to avoid negatively impacting the Minneapolis and St. Louis Railroad (39CD2013) and the Burlington Northern Railroad (39GT2000).

Given the above, we have determined that the proposed project will not encroach upon, damage or destroy any archaeological property or TCP that is listed in the State or National Register of Historic Places or the environs of such property pursuant to SDCL 1-19A-11.1.

We appreciate the efforts made by all parties to consider the effects of the project on the non-renewable cultural resources of South Dakota. If you have any questions or concerns, please contact Paige Olson at Paige.Olson@state.sd.us or (605) 773-6004.

Sincerely,

Jay D. Vogt
