PUC Commission and Staff,

My family and I live within the boundary of the Crowned Ridge Wind 1 project and are currently shown as participators on the maps. We initially signed a lease in July of 2007. It has since expired. We also were released from the lease in a letter from Boulevard Associates in 2012 (please see attached). We are currently non-participators and would like to be treated as such with full non-participator setbacks granted to us. Please post this to the docket of EL-19-003.

Thank you,
Dennis Thyen

Re: Wind Farm Agreement

Dear DENNIS D AND DAWN M THYEN,

As you are aware, the wind farm agreement we have on your property renews annually. After a thorough review of the opportunities for wind energy in your area, we have decided to not renew your agreement at this time.

I want to personally thank you for your participation and cooperation as we gathered data for a potential wind project in your community. The decision to discontinue your agreement was based on a list of criteria, including market opportunities, wind resource and environmental that leads us to the decision to terminate your wind farm agreement with Boulevard Associates, LLC. Based on this determination, we will also be discontinuing any further payments.

We will continue to monitor this region. If market conditions change and we believe this project is viable in the future, we will contact you. Should you have any questions please feel free to contact me at (561) 691-7240.

Sincerely,

Scott Scovill

Mr. Thyen,

Thank you for your message and accompanying letter regarding the Crowned Ridge siting permit request currently pending before the Public Utilities Commission, docket EL19-003.

I appreciate you taking the time to write and inform the commission of your situation regarding this proposed siting project and your land's status. Your information will be posted under Comments and Responses in the docket so my fellow commissioners, PUC staff and others interested may read this information. Here is a link to the docket,

<http://puc.sd.gov/Dockets/Electric/2019/EL19-003.aspx>, and here is a link to the commission's Siting Guidelines that you may find helpful,
