**04CIV21-037  
ORDER APPROVING  
STIPULATION FOR  
TERMINATION OF MONTHLY  
REPORTING REQUIREMENT**

The court has received a Stipulation for Sale of Grain Elevator and Other Fixed Assets and for Payments. In the Stipulation, Receiver Cody Chambliss and Farmers Cooperative Elevator (FCE) have stated that both Parties agree to the termination of the monthly reporting requirement ordered by the court in the Order Appointing Receiver. The Parties have agreed that the grain elevator portion of FCE no longer has any assets or debt, and the only remaining issues in the Receivership relate to collection of debt owed to FCE. The Parties have further stipulated that Receiver will file updates when there are notable developments in the pending bankruptcy proceeding, Bankr. No. 21-40264, in which FCE is an unsecured creditor.

It is therefore

ORDERED, that Receiver may cease filing monthly reports. It is further

ORDERED, that Receiver will file reports when there are notable developments in the bankruptcy proceeding, with such reports to be served upon the president of the cooperative board for FCE.
