Pursuant to SDCL 49-41B-17,

Robert G. Allpress

(Name of Applicant)

petitions the Public Utilities Commission to be granted party status in the above-referenced facility permit proceeding.

Briefly explain your interest in this permit proceeding. Form is limited to 1000 characters.

As a landowner on the currently proposed route, I know first hand that TransCanada's premise is fatally flawed. Crude oil conditions in the United States have changed dramatically in the last 4 years. KXL is no longer needed or in the best interests of South Dakota or the United States. The proposed route is badly located. It endangers sovereign Lakota lands, threatens water supplies across the entire southern half of the state, and creates a lifelong threat to affected landowners. Granting eminent domain to a foreign for profit corporation over your citizens is not right!
