Pursuant to SDCL 49-41B-17, RoxAnn Boettcher
(Name of Applicant)

petitions the Public Utilities Commission to be granted party status in the above-referenced facility permit proceeding.

Briefly explain your interest in this permit proceeding. Form is limited to 1000 characters.

I am an Certified Organic Grassfed Beef landowner-rancher. This project brings great risks to our natural resources. Our business is totally dependent on our natural resources. There is proof that transporting tarsands oil by pipeline has risks water supplies. You cannot replace the Ogallala Aquifer or any other water supply. All life depends on water! The soil in southern South Dakota and the Nebraska Sandhills is very porous, permeable soil which is risky for the safety of our water. Please do not put our resources at risks. I am asking the P.U.C. to protect our environment.
