Subject: HP14-001: No to Keystone XL

Auto forwarded by a Rule

Dear South Dakota Public Utilities Commissioners Hanson, Nelson, and Fiegen:

*It's time to take a stand for the environment and for all living in our state. The Keystone XL Pipeline is too big a risk. The final Environmental Impact Statement submitted by the State Department shows the pipeline is **expected** to leak at least ten times over the course of its lifetime. I am not willing to sacrifice and risk the Missouri River, the Ogalalla Aquifer, our rural water systems, and our livelihoods for dirty tarsands oil.*

*Sincerely,
Jean Bhatti*
