Subject: HP14-001: No to Keystone XL
Auto forwarded by a Rule

Dear South Dakota Public Utilities Commissioners Hanson, Nelson, and Fiegen:

I am writing to you to request you reject the Keystone XL Pipeline certification in docket HP14-001. The risks this pipeline and its construction pose to the health, safety, and security of South Dakota's water, land, and people are unacceptable. TransCanada has shown time and time again they are unable to build a safe pipeline. They have lied to the people of South Dakota about the benefits of the pipeline, while ignoring completely the harmful impacts of tarsands mining and the risk to our land and water from inevitable spills.

I am against Keystone XL - there is very little benefit and a lot at risk. I do not trust TransCanada's safety record nor do I believe carving up our land will bring jobs and wealth to our communities.

For these reasons and more, reject Keystone XL.

Sincerely,

Wendy M. Luedke
