We want \$ 12,000. -

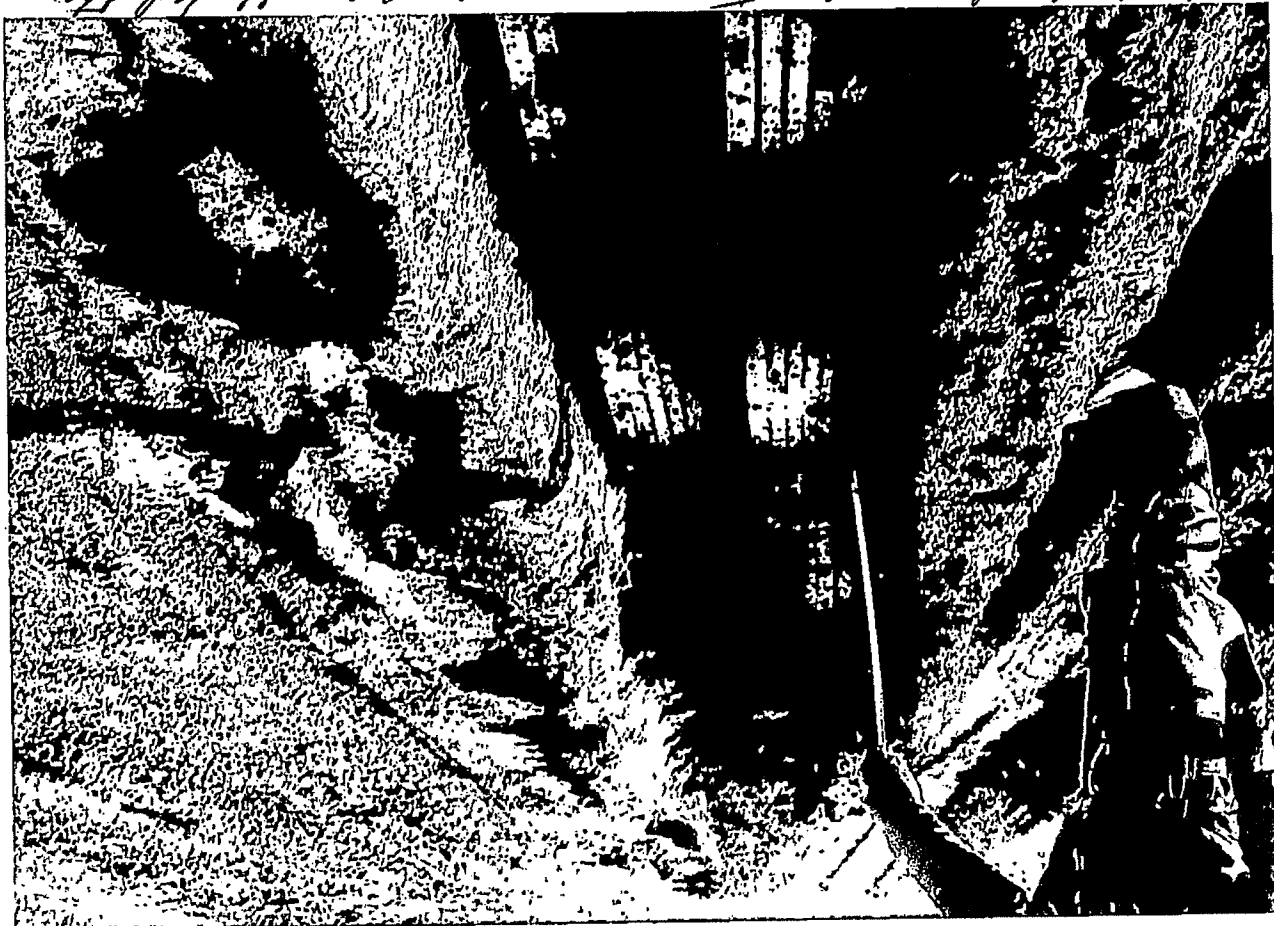

This is 191st Street only way to
our pasture we could haul cattle
on.

We couldn't go through with 4-wheel drive pickup how can we get hand truck
of cattle through

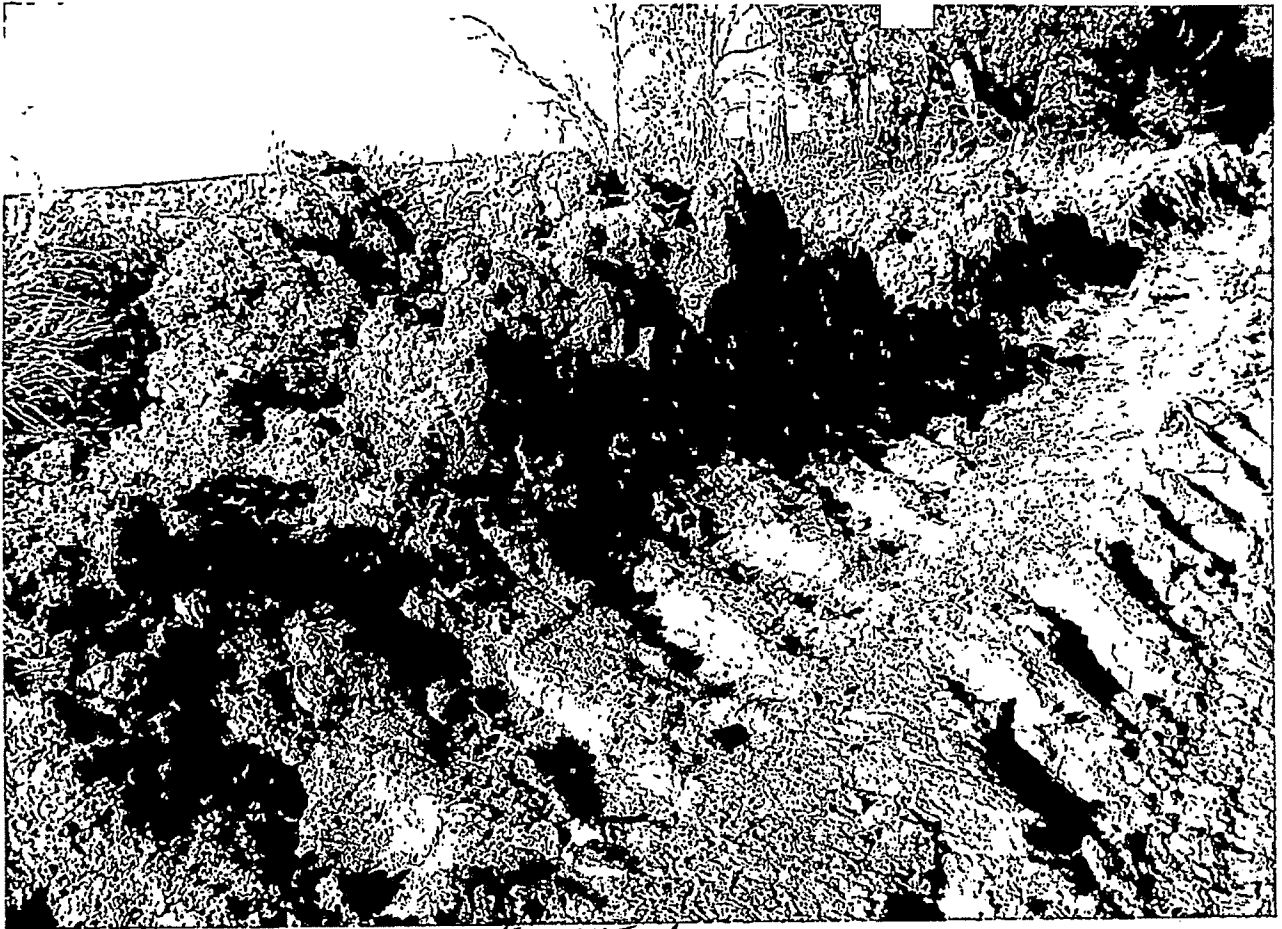

19/11/78
Tried in same when we wanted to take cattle
over 4 wheel hand truck
Sept 1978

Flash changed the deep a long time; you never even checked the road at night.

It's hard on + couldn't see a night of all deep.

Contact Summary: 3/19/08 I called and talked to Delwin. I asked if I could met with him and his wife Pam or met with him, Pam and their attorney. He first referred me to his lawyer, Scott Heidepriem. I told him I had a revised sketch for Pam and he told me to mail it to Scott. I asked if I could leave my name and phone number if they had any questions. He said no. Then he said he had asked at several of TransCanada's meetings if they had liability and for a copy of the policy. He said they always told him they would get back to him but nobody did. I told him TransCanada currently has a \$25 million dollar liability policy and I will get him a copy of it. He asked who the contractor would be. I told him Michels of Brownsville, Wisconsin. He said he wants a copy of their liability policy. I told him that I did not have. He said if anyone is going to be on his land he wants a copy of their liability. He said TransCanada was the most dishonest company he has ever dealt with. I told him I would drop by with the copy of the liability policy.
3/20/08 I got an e-mail saying not to contact Delwin and Pam Hofer until further notice.
