Good enough. James has talked to Kristen about a few things, I have also. I'm interested in talking about logistics for the 28th and get a sense of what we should be thinking about for scheduling going forward so we can alert necessary KXL personnel, etc.

Sounds like a plan. I also let Kristen Edwards know you're coming. She is the Staff Attorney on the docket. Depending on how much detail you want to get into, it may be better if she does some of the consulting with you as I may have an ex parte problem if we get too much into details. I do not know what Staff's plans for the docket are for that reason.

We are now wired up. I have a Water Board hearing Thursday morning...the agenda for the meeting will be published today and I'll have a better idea of when I can get over to your office, will email you with a time and we'll work from there.

Thanks.

Bill,

The below email was sent to the wrong John Smith. I'm either john.i.smith@state.sd.us or john.smith3@state.sd.us. I have a meeting from 1:00 to 2:15. Other than that, I'm open all day. Feel free to stop in.

John Smith

Subject: Keystone KXL hearing

John, I have to be in Pierre on the 23rd for a short hearing before the Water Board. I have a couple of other things to do while in town, but would like to carve out an hour to talk to you about the coming October 28 Keystone KXL hearing, discuss logistics and order of business.

Are you in Pierre on the 23rd, and do you have an extra hour?

Bill Taylor

I'd just call on the PUC's primary number: (605) 773-3201. They'll transfer it into Kristen's or my office.

Subject: Keystone KXL meeting

Weather kept me from flying this morning so I'm doing my water board hearing over the phone, then my DENR meeting the same way.

Can James and I call your office at 11 or so and conduct our conference over the phone?

If so, please email me the number you would prefer I call.

Bill Taylor

Subject: Scheduling Conference

Pat Beck will come to our offices on the morning of the 13th and report the conference. She has done it before for me.....she asks that you or I remind all participants to speak slowly and clearly and to identify themselves each time they speak, and for lawyers to identify their client each time they speak.

Otherwise we are all set for 10 am on the 13th.

Subject: Motion to Define Scope of Discovery

John, after discussions with our client, we have decided scheduling hearing on our Motion to Define Scope of Discovery for the November 25 meeting is acceptable.

Bruce Ellison called me this morning and asked for time to respond to the motion. I told him we were considering asking you to set hearing for the 25th rather than the 12th.

Perhaps you or I should publish an email noticing hearing for the 25th.

If the hearing is noticed for the 25th, under SDCL 15-6-6(d) responses to the motion will be due Monday November 17, unless the Commission sets other dates.

Advise, please.

To: Smith, John (PUC)
Subject: Tomorrow's Call

Are you available to talk this morning for a few minutes about the logistics of tomorrow's call? We have the court reporter lined up to come to our office at 9:30 to set up....we should talk a little about how to get everyone to identify themselves as they speak, not talk over anyone else, not use speaker phones, etc., so the reporter isn't confused and nothing gets lost.

What's your availability today?

Bill Taylor

Subject: Keystone XL Pipeline Docket HP14-001

John:

I understand you propose the Commission enter an order rescheduling hearing on the pending motion on scope of discovery to the Commission meeting set for December 9, intervener responses to the motion due December 1, Keystone replies due December 5, that the order will require staff and parties to submit proposed milestone schedules with their motion papers, and that consideration of a scheduling order will be taken up by the Commission at the December 9 hearing.

Keystone has no objection to an order to that end.

Call with questions, if any.
