RE: Docket HP14-001 Motion to Define Scope of Discovery  
SDCL 49-41B-27

SD PUC and Intervenors:

I object to TransCanada's limiting motion of discovery. TransCanada wants to exclude all that the Public Utilities Commission doesn't control. Now is the only time for the SD PUC to consider how all present state and federal regulations affects South Dakota and its citizens. These should be considered in the permit process.

I believe that concerns should not be limited, that justice is best served if every concern is heard and addressed.

Also note that I have sent my statement to all persons on the HP14-001 Service list by email/postal service on this date 12/01/14.
