Dear PUC Officials,

I am writing to respond to TransCanada's objection of my party status of a person from outside of South Dakota. As a citizen of the United States, who has paid her Nebraska state taxes and Federal taxes faithfully every year, should be given the right to speak about a Foreign Company's project which is going to have a direct affect on my land, water, and family members in Nebraska and South Dakota ~ who are also citizens of the United States. I hope and pray that the South Dakota PUC officials will reject TransCanada's filling of objection of all concerned citizens of the United States to speak out about the Keystone XL pipeline which is NOT in the nation's best interest. As I have stated in my earlier letter ~ Canada is not a good neighbor and TransCanada is not a good partner for the citizens of Nebraska, South Dakota, and all of the United States. Once again TransCanada, a foreign company is showing it's true colors. PLEASE let us citizens of the United States speak!

Thank You

Diana Steskal ~ Nebraska Landowner ~ Concerned Citizen of the United States
