**RE: In the Matter of the Application of Dakota Access, LLC for an Energy  
Facility Permit to Construct the Dakota Access Pipeline; HP14-002  
Our file: 0300**

Dear Ms. Van Gerpen:

Attached for filing please find four maps. Each map depicts a separate adjustment to the proposed pipeline route on file with the PUC.

Attachment 1 depicts a route adjustment in Spink County. The purpose of the adjustment is to move the proposed route away from a center pivot irrigation system and reduce wetland crossing.

Attachment 2 depicts a route adjustment in Miner County. The purpose of the adjustment is to move the proposed pipeline approximately 200 feet further away from a farmstead and possible future barn site.

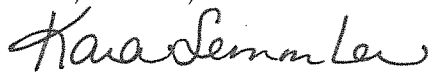

Attachment 3 depicts a route adjustment in Minnehaha County. The purpose of the adjustment is to move the proposed route off a public park area.

Attachment 4 depicts a route adjustment in Turner County. The purpose of the adjustment is for construction ease.

The proposed route adjustments do not require an amendment of the filed application or exhibits. This filing has been served on all parties. See enclosed Certificate of Service.

Very truly yours,

MAY, ADAM, GERDES & THOMPSON LLP
