Subject: FW: [EXT] co2 pipeline

Mr. Klipfel,

This is in response to your Dec. 30, 2022 email to the South Dakota Public Utilities Commission regarding the proposed SCS Carbon Transport LLC's Pipeline, docket HP22-001.

You submitted a party status application to the South Dakota Public Utilities Commission for docket HP22-001 dated April 6, 2022, with representation by Attorney Brian Jorde. Your party status application was acted on by the commission during its April 14, 2022 meeting, and you were accepted as an intervenor as reflected in the commission's order issued on April 26, 2022.

As an intervenor, you must follow the proper process for communication with and submission of evidence to the commission by docket parties. For this reason, your email sent to PUC@state.sd.us has not been accepted as a docket filing by the commission. This is not the proper email address or process for communication as an intervenor. We suggest you confer with your attorney concerning any docket filings. As your attorney knows, such filings must be submitted via the E-filings tab on the commission website home page, which provides instructions for parties (intervenors) filing documents regarding an open docket with the commission.

Subject: [EXT] co2 pipeline

Dear sirs,

I would encourage the commission to keep the September date for the summit carbon hearing so that more farmers could attend it rather than in April when it would be a major problem for most to attend, thank you for your consideration.

Subject: FW: [EXT] CO2 pipeline hearings

Mr. Hoffman,

This is in response to your Dec. 30, 2022 email to the South Dakota Public Utilities Commission regarding the proposed SCS Carbon Transport LLC's Pipeline, docket HP22-001.

You submitted a party status application to the South Dakota Public Utilities Commission for docket HP22-001 dated March 23, 2022, with representation by Attorney Brian Jorde. Your party status application was acted on by the commission during its April 14, 2022 meeting, and you were accepted as an intervenor as reflected in the commission's order issued on April 26, 2022.

As an intervenor, you must follow the proper process for communication with and submission of evidence to the commission by docket parties. For this reason, your email sent to PUC@state.sd.us has not been accepted as a docket filing by the commission. This is not the proper email address or process for communication as an intervenor. We suggest you confer with your attorney concerning any docket filings. As your attorney knows, such filings must be submitted via the E-filings tab on the commission website home page, which provides instructions for parties (intervenors) filing documents regarding an open docket with the commission.

Subject: [EXT] CO2 pipeline hearings

Commissioners,

My name is Brian Hoffman, I am a member of the Landowners for Eminent Domain Reform. I strongly urge you to hold fast with your decision to hold the hearings on the summit pipeline in September, HP22-001. This will allow all effected landowners to participate in the hearings. The March, April or May timeframe occurs during the busiest and most important time on the farms and ranches that are directly affected by the pipeline making it impossible for many of the owners to give their testimony.

The CO2 pipeline is a risky, as to date, unregulated, project being run by inexperienced managers supported by money grabbers.

Sincerely,

Brian Hoffman
