APPLICATION FOR
PARTY STATUS

HP22-001

Alicia D Lambert

(Name of Applicant, this will be the person or entity named as a party)

petitions the Public Utilities Commission to be granted party status in the above-referenced facility permit proceeding.
Pursuant to SDCL 49-41B-17 and ARSD 20:10:22:40

Briefly explain your interest in this permit proceeding. Form is limited to 1000 characters.
(Example: Landowner in project area).

My husband and I are newly established homeowners within the area of the proposed pipeline. We constructed our home ourselves over the course of 2021 with plans of homesteading an acreage. Our intention for the small parcel of land purchased is to create an organic permaculture environment with pursuance of USDA Organic Certification for produce sale. If the pipeline destination lands within our property line this would disrupt the purpose of the property we purchased and built on. Aside from that we are concerned with health and safety considerations following the pipeline completion.
