(Example: Landowner in project area).
Signe A. Bobbitt and Bruce L. Bobbitt (we), the co and only Trustees of the Signe Andenas Bobbitt Trust, named above as the entity party, petition the South Dakota Public Utilities Commission (PUC) to be granted party status in the matter of application by SCS Carbon Transport LLC (SCS) to construct a carbon dioxide transmission pipeline (The Pipeline) in South Dakota. Docket HP22-001. The basis for this petition is that, on Friday, March 25, 2022, via FedEx, we received an unsolicited "offer to Acquire Easements Tract#: SD-MN-0244, 130 Miner County, South Dakota," from SCS. In the offer, SCS provided a map showing the proposed route of the Pipeline running ± 2,697.641 feet, south to north through our property. The legal description of this land is the South West 1/4 (one quarter) of Section 22, 1/4th Exc Lot 11-1, in Gratton Township (108), Range 56 W. The land is in the "Signe Andenas Bobbitt Trust" filed with the Miner County Registrar Office in Howard, SD. We are persons with a direct interest in this matter because The Pipeline is proposed to run directly through our property.

NOTE: Consistent with SDCL 49-41B-17 and ARSD 20:10:22:40, this application must be filed with the Public Utilities Commission on or before 5:00 p.m. CDT, April 8, 2022, unless the deadline is extended by the Commission.
